WELCOME

Welcome to our first Auction of the Stars to be held at the Highlands Equestrian Centre. Australia is now officially in a recession. Victoria has just been burnt to the ground by bushfires, parts of Queensland have been washed away by flood and other countries are experiencing their toughest financial times in modern history. With all of this happening, you might think it prudent to just pull back a little bit. Well, seemingly not if you are an “equestrian enthusiast”. Just three weeks after the fires in Victoria, Auction of the Stars ran its 2009 March auction at Boneo on the Mornington Peninsula, with the directors achieving an 85% clearance. The Australian front-running “equestrian enthusiast” is almost inexplicably committed to planning ahead, which involves passion and long-term life-changing outcomes and the pursuit of dreams.

From experience these equestrian enthusiasts come in five categories.

1. ESTABLISHED RIDERS

We have always known that Australia is home to many, many good riders, but have always politely excused our lack of Olympic stardom, especially in the dressage disciplines, by acknowledging the Northern Hemisphere in general as being home to even better riders. Our manners have a lot to answer for. Only now are our established riders realising that almost without exception the best riders are on the best horses. No good rider can be the best unless he/she is suitably and amazingly partnered. That is a simple fact. Also totally factual, is that courtesy of some 30 years of breeding, many of the individuals in Auction of the Stars are youngstock that have been genetically designed to challenge the best in the world. Almost nowhere in the world have breeding programs been overseen by top competition riders, as has been the case with Auction of the Stars. Right now there is a growing awareness amongst the Australian established riders of these two facts:

- a. The best riders are on the best horses.
- b. Through genetic engineering, Auction of the Stars is producing a collection of youngsters, some of which will in the near future challenge the best horses in the world.

WELCOME

As a result of these two facts being clearly perceived, many of Australian professional dressage riders, along with a growing number of established good riders, are purchasing youngstock through Auction of the Stars.

2. ASPIRING YOUNG RIDERS

Always the first to embrace the way of the future is the young generation - that, coupled with the fact that often a young rider will have parents not always from a horsey background. This non-horse aspect actually lends itself to more objective evaluations and a logical, intellectual process being deployed by the parents, as a search is mounted for that special horse, for that special young rider. Auction of the Stars has an ever increasing clientele of young riders and their parents.

3. THE BREEDER

The bloodlines available through Auction of the Stars represent almost every top line in the world. Interesting to note, there are thousands of bloodlines out there but when all the glamour and yelling quiets down, there are in actual fact only a limited number of families that perform at the top, ie at the Olympics. Almost all of the Olympic bloodlines are represented in Auction of the Stars. Also important from a breeders perspective is that Auction of the Stars has an advertising budget of some \$65,000 per year. That averages more than \$1000 per week. Breeders who buy colts or mares for breeding purposes can look forward to massive ongoing promotion of the bloodlines. This is a very important consideration when evaluating the commercial worth of your prospective purchase. Another commercial consideration is the fact that most of Australia's top riders are becoming involved with these horses, so on the competition circuit on the road to the Olympics, the results are already flooding in. The results are potentially of huge promotional worth. Finally, a breeder purchasing through Auction of Stars does have automatic prioritisation when the time comes to sell their own youngstock with Auction of the Stars. Some breeders are good at sourcing their own clients and buyers but if not, then Auction of the Stars is always a wonderful fall-back consideration.

4. CONNOISSEURS OF EXCELLENCE

Without doubt the youngstock on offer represent genetic

WELCOME

engineering of the next generation. Auction of the Stars will include at least one buyer who is inspired by the obvious quality and unique talents of individuals on offer. Clyde Wunderwald, owner of Heath's Olympic Dressage horse, Greenoaks Dundee, started out in horses simply by being attracted to superior individual youngsters. He explains the phenomenon: "I have always tried to only have really nice things in my life." Of course youngstock in this auction should only continue to increase in value over the next two years without any professional training. The top lots at the auction are especially good buys from an investment point of view. These youngsters in this auction are generally very fancy, state-of-the-art individuals.

5. OVERSEAS BUYER

The whole Auction of the Stars facility has traditionally been set up with the Australian riders/buyers in mind. Today, however, we are experiencing the market going global with Jive Magic's very first-born foal Jeff the Chef W, sold through Auction of the Stars, now the reigning USA Advanced Dressage Champion at age seven with Silva Martin. Regardez Moi has just represented Australia and the Pacific Region at the World Cup Dressage Final at Grand Prix in Las Vegas in the USA. So of course we are experiencing interest from overseas buyers. Most of these buyers are driven by exactly the same needs as the Australian buyers, so mostly fall into the first categories.

This section is simply to say welcome not only to our Australian buyers but also to our overseas buyers. We wish everyone lots of luck and can promise more than one dream will have started on its way to fulfilment come the end of this auction at Highlands Equestrian Centre.

LOT
A

Pic by Peter Stoop

Dark brown stallion, mat 16.2hh 2004

Fiji was bought as a foal by Rozzie Ryan in 2004, from the start a spectacular-looking youngster with fancy paces and an exceptionally amenable temperament. He is one of the very few horses in Australia by Florencio, who was twice World Young Dressage Horse Champion, as a 5yo and again as 6yo with Hans Peter Minderhoud, both times scoring 10 for his canter. Florencio is by Florestan I who is having significant success as a sire of world-class dressage horses such as Floresco (Patrik Kittel, Beijing Olympics 2008); Floriano (Steffan Peters, Aachen WEG 2006); Fidermark, now deceased (Grand Prix with Dutch rider Marlies van Baalen); and Ferrara (Prix St Georges with Isabell Werth before injury). Florencio is out of Walessa, by Weltmeyer out of a Pik Bube mare. Weltmeyer is sire of Warum Nicht (Isabell Werth, international Grand Prix) while Pik Bube I (full brother to Pik Bube II) was professional German Grand Prix Champion (Herbert Rehbein). Fiji is out of Hawaii, by Harvard. Harvard is a sire of the future, by Hohenstein, one of the most outstanding Trakehner sires. On Hawaii's bottom line is Hill Hawk (TB) responsible for the dam line of all the Welt Hit stallions, successful in the dressage arena. Fiji is already winning at novice with Breanna Tillitzki in the saddle. Service fee \$3000 + GST.

Palomino stallion 17hh 2004

Byalee Briar is an amazing opportunity to acquire a highly sought-after European pedigree - Bjorsells Briar 899 has been the world's number one dressage breeding stallion! He is a legend! He is famous for a quote from Olympian Kyra Kyrkland, who said: "I would give my soul for this horse." On the dam line, Byalee Briar is out of a Bernstein mare. Bernstein is a Swedish warmblood stallion, sire of many approved stallions, again with a pedigree that has proved itself in the ranks of Grand Prix in Europe and the US. Bernstein also sired Madonna, the winner of the national Swedish finals for four-year-olds, and won the Breeders' Trophy for 5- and 6-year olds. He was himself stallion of the year in dressage in Sweden in 2001. Together these bloodlines have now produced what we expect to be one of the most exciting young stallions to be brought into Australia. He has inherited Briar's incredible uphill canter with strong shoulder and knee action, and shows that ever-essential correct walk. Byalee Briar is already winning annual championships at preliminary level and his babies are friendly with great conformation and amazing movement. Byalee is thrilled to be able to offer these wonderful bloodlines live in the Southern Hemisphere. As a bonus, Byalee Briar is a palomino, with the colour dating back eight generations of Swedish warmbloods.

Bay stallion 16.3hh 29/05/01

The legendary AEA Metallic has proven himself to be an inspiration for the dressage sport in Australia as a top-class performer as well as the sire of the most outstanding moving foals ever bred in this country. Since arriving in 2005, Metallic's performance has grown from strength to strength and he began PSG as a 6yo. We are expecting him to do Grand Prix within a year because everything comes so easy to this super-talented stallion. Metallic is an awesome mover with a powerful, elevated and cadenced trot. He has a front leg with rare knee action, plus an extreme active and powerful hindleg. The canter is just out of this world, so huge and big off the ground and again that wonderful front leg! The walk has a very big overtrack and again is just super impressive. Genetically, Metallic is performance bred by Metall, by the Dutch black pearl in breeding, Olympic Ferro, three-time team silver winner including at the Sydney Olympics. Metall's dam is by the legendary G Ramiro who bred not only jumpers but also international dressage horses. It is interesting to note is that in 2005 Metall was represented by 17 offspring in the second round of the Dutch Dressage Championship for young horses, the Pavo Cup. AEA Metallic's dam is by Gabor who was approved in 1991 with scores of 8 and 9.

Pic by Peter Stoop

Bay FEI stallion 16.3hh 1996

Jive Magic is Rozzie Ryan's elite project heading for Grand Prix. He has won almost every PSG and Inter I dressage championship in the country. He is now totally focused on the leap from Small Tour (PSG/Inter I) to Big Tour (Inter II and Grand Prix). Of all the Small Tour horses in the world, very, very few of them can make that jump. We suggest perhaps not more than six in every hundred, or 6%. In most cases, the stumbling block is piaffe/passage and we are pleased that Jive Magic has absolutely amazing piaffe/passage! His first GP start is planned in the first half of 2009 and it will be a very auspicious occasion. Meanwhile, Jive has developed into one of the most exciting sires perhaps ever in terms of young dressage horses. Karingal Anastasia is by Jive Magic (bred by Karen Waterman, owned by Sharna Glover) and at the Australian National Dressage Championships with Tor Van der Berg won not only Australian Elementary Champion, but also Medium Champion! In the USA, Jive Magic's very first foal ever, Jeff the Chef, is creating huge interest. Ridden by Silva Martin he is the American Advanced Dressage Champion 08/09. There are many other exciting Jive Magics out there sought after by the top dressage riders in the country. Jive performs on Saturday evening, March 7, with a quick demo while selling service fees on Sunday the 8th of March. These service fees are unreserved and so are invariably somewhat cheaper than what one would pay on farm and a great way to get involved. Normally Jive's service fee is \$3,500.00 +GST. These service fees come with a live foal guarantee.

Bay stallion 16.3hh 2002

Byalee Romance is an exciting young stallion by Regardez Moi, who is knocking 'em dead in the GP arena. Already, from limited outings, Romance is following in his father's footsteps with official preliminary championships and scores of up to 78%, as well as his first Horse of the Year title. Mixed with Romance's outstanding Rubinstein and Donnerhall pedigree is Lanthan (dec), a black 16.2hh stallion (German, imp). Lanthan sires beautiful, elegant, modern warmbloods renowned for their temperaments and talent in both dressage and show jumping. Romance marks the dawning of a new age in dressage. He has an even, regular walk. The trot has Grand Prix written all over it. It has a wonderful regularity and a soft and strong swing through the back that makes him a delight to ride – indicating that, like his dad, he is going to have international standard piaffe and passage. The canter right from the day he was born had magical talent – what would be collected for any other horse is something Romance can do on a loose rein, with great expression. He has a natural suppleness and flexibility. Mentally, Romance is very stable, very aware and a great thinker, able to receive sophisticated information and react without stress. Romance is a beautiful and obviously upstanding individual – and incredibly exciting. Available live or chilled (LFG). Frozen semen by arrangement.

F

Dark Brown Stallion, 170 cm, 20/04/2005

Europe has a long and successful history of breeding specialised horses for the sport of dressage - but now we offer access to those prize genes with AEA Tuschinski, recently brought to Australia from Holland by leading breeder and trainer Dirk Dijkstra. AEA Tuschinski is named after his sire Tuschinski, outstanding son of the world-famous dressage stallion Krack C. Krack C is a gorgeous GP stallion ridden to huge international success by three-time Olympic gold-medal winner Anky van Grunsven. Tuschinski is considered by many to be the best dressage progenitor in Europe. His foal report showed in an outstanding way that he passes his flexibility, suppleness and presence on to his offspring, that they showed extra special self-carriage and a good hindleg technique. AEA Tuschinski's dam is Paronia B out of the unbeaten stallion Gribaldi. Gribaldi (Keur stallion) was 1995 champion of stallion selections and 1996 champion in his stallion performance test. Gribaldi was the winner of the 4yo stallion competition (1997) and reserve champion in the Pavo-Cup (4yo dressage horses). AEA Tuschinski's breeding is clearly phenomenal. His movement in all three paces is simply astonishing - supple and elastic with a super-active hindleg and that expressive 'knee' action in front as you would expect from an AEA Burong stallion. If you want to be a successful dressage rider on a quality horse then now is your chance!

Jête R has undoubtedly inherited her father's incredible presence and paces. She has a huge walk and canter with great spring. Her trot is effortless - expressive and uphill with great elasticity that should one day just wow the judges at the biggest international dressage competitions. Sire Jive Magic has been hugely successful at FEI Small Tour level and has just won his first Inter II starting what is expected to be an awesome career at FEI Big Tour level. The dam line is equally as impressive with Billy being full sister to the Pacific League World Cup winner Centaur who was ridden by Ann Serrao. Ann will also campaign a Regardez Moi son out of Jête's full sister Jillaroo. Jête is only being offered for sale because her sister Jillaroo is already producing wonderful foals for the Ryans.

Black filly 17/10/08

Rainbow R is a super pretty filly with light and dancing paces. Not only is she by Regardez Moi, but the depth of breeding on her dam's side is something of which we are very proud. Just Morning's sire Jive Magic is now embarking on his Grand Prix career having just won his first Inter II start. Don Ramiro showed such mega-talent as a young horse and unfortunately could not be ridden long enough to show his full potential under saddle. Misty Morning (sold through Auction of the Stars in May 2008) was a truly beautiful mare who passed on her beauty to Rainbow's mother Just Morning. If you choose to ride Rainbow R you should be confident that she has been bred to perform at the highest level and if you choose to breed from her, the genetics are all there to breed at the highest level. Her full sister is being retained at Ryans.

Chestnut filly 03/10/07

AEA Mia is by AEA Metallic out of a Just De Pomme mare, which has produced some outstanding progeny that sold for exceptional prices at the last AEA Burong auction. She has the movement, the temperament and the ability to succeed in the dressage scene. No doubt AEA Mia will follow the footsteps of her siblings and be a very competitive filly.

Bay colt 31/01/09

Revelry R combines the fabulous Grand Prix genetics of Regardez Moi and Jive Magic. Both stallions are not only performing themselves but we are now starting to see their progeny excelling in the dressage arena both in Australia and overseas. Like his half-brother Majestic R (who is by Metallic and was sold through Auction of the Future Stars in July 2008) Revelry R has a magnificent trot. His commanding presence and uphill demeanour will help you stand out in the crowd and it will be exciting to watch this next generation of purpose-bred horses perform in the dressage arena.

Ruby

ON ACCOUNT OF BRYCE HOCKINGS

LOT
17

Brown filly 22/9/07

Ruby is by Regardez Moi, Australian Grand Prix champion, out of Be Mystical, a successful dressage horse and show hack until an injury ended her career. Mystical is by Be Serious, sire of many successful dressage and competition horses and his sire was Reprieved, sire of Vicky Ferguson's brilliant Grand Prix horse Gamekeeper. Ruby is one of the few fillies available by Regardez Moi. She is wonderfully quiet, sensible and trainable and as any discerning breeder knows, temperament is so important in a performance horse. She has a soft elastic way of travelling, with beautiful bend through the knee and hock. This filly has been a pleasure to do anything with. She has excellent manners and really wants to please. Ruby is the complete package. She has the dual potential to be either a top-line competitor or a wonderful broodmare. Black filly 21/09/08

Jamelia R is a stunning filly with an incredibly quiet temperament. She is only offered for sale as her bloodline is very well established at Ryans. Her movement is full of power and expression that show the definite scope of her father. Jamelia R comes from a super performance line, her dam Regalia being out of Lucilla. Lucilla is a wonderful foundation mare by Ludendorf (imp) out of Faleten and has made a huge contribution to the genetics in the Ryans' herd today. Jamelia R's quiet, trainable temperament will make her an outstanding performance prospect as well as super value as a potential broodmare.

James Dean R

ON ACCOUNT OF RYANS

LOT

Chestnut colt 06/12/08

James Dean R is Peplishka's second foal and like his brother Jimmy Choo R (sold at Auction of the Future Stars September '08) he has inherited his mother's incredibly calm and kind persona. Peplishka is by Prince Noir out of a Walt Disney (World Cup) mare. So once again the depth of breeding on this colt's dam line is impressive and should really complement Jive Magic.

We expect James Dean R to have a wonderfully amenable and trainable nature, which, combined with his amazing breeding, will make him the perfect competition horse.
