GP Fürst Hit

ON ACCOUNT OF GOLDEN PARK

LOT 18

Bay gelding 22/10/02 16.2hh

GP Fürst Hit is maturing into a stunning horse with perfect conformation, lovely neck/shoulder and a very pretty face. He has been bred for the dressage arena and is pretty enough to win in the showing, and would make a perfect junior or ladies horse. GP Fürst Hit's paces are of especially high quality - a ground covering walk, a trot with great expression in the knee and hock, and the canter - the highlight of his gaits - is balanced, uphill and active. He is extremely graceful and light on his feet and similar to his sire Fürst Love he has an undeniable charismatic presence. His temperament to date has been exceptional. He shows a maturity well beyond his young age. He floats, loads, ties up, hoses, is rugged, trimmed and wormed easily. He is AWWA registered and microchipped. This colt has the movement and pedigree of a superstar. Dam Bella Dombeyah showed super showjumping style and great dressage paces. Her sire, Domingo, was by top Hannoverians Daktylus (imp) out of Gina (imp). Chestnut mare 21/10/07 mature 15.2hh

Julip is a wonderful little package – an Arabian warmblood with the most amazing breeding and talent! Julip was broken in last year and came to Byalee early in 2011, where she has been brought along as a dressage horse by teenage girls. She has a huge trot and canter for her size and has shown that she is likely to have an amazing piaffe that just happens naturally. She is an experienced trail ride in the national forest and is absolutely unflappable when out, no matter who she is with and how the other horses act. Julip is by an outstanding young Jive Magic (imp) stallion, who is out of a Walt Disney mare. Walt Disney, by World Cup, needs no introduction as one of the premium Hannoverian sires of the German State Stud Celle. Jackson is also registered with the Arabian Horse Society of Australia. World Cup I was the greatest of five full brother stallions by Woermann and sired 17 licensed sons, including the super star, Weltmeyer. Say no more! Julip would be ideal for the rider wanting talent in a smaller package, who would also like to enjoy the more leisurely equestrian pursuits! Julip is EFA and warmblood registered and can be shown in the breed ring.

Santino R

ON ACCOUNT OF RYANS

LOT 23

Pic: PeterStoop@exemail.com.au

Bay colt 30/1/11

Santino R is part of the first drop of the Starnberg youngsters. The very first Starnbergs offered at auction earlier this year have all been snapped up. Starnberg is a young stallion schooling on impressively and will perform at the auction in the masterclasses. Although only 6 years of age, he already displays very promising piaffe and passage. Starnberg is a freak when it comes to flying changes and can already do the Grand Prix movement of 15 one-time changes! Santino R is out of Jean R who is also the mother of Rogue Trader R who sold for \$49,500 at this year's Sydney AOS. Jean R is by the powerful Grand Prix stallion Jive Magic. Jean R is out of Lucilla R. Lucilla R is a full sister to Stirling Liberty who was a World Cup show-jumper with Olympian Gavin Chester in the saddle and who sired Snowy River Blackwood. Snowy River Blackwood was one of Australia's leading Grand Prix dressage horses for some years with Di Jenkyn in the saddle. Lucilla R is by Ludendorf, who to this day is the only stallion ever to be listed for the Olympics in three day eventing and Grand Prix dressage simultaneously. So Santino R is so bred in the purple in terms of Olympic disciplines. Santino R is a beautiful type and particularly quiet and curious about people. He will make some lucky rider a wonderful partner.

Chestnut gelding 3/11/98 16.1hh

This is a great little gelding who is competing elementary, training medium, and consistently scoring 60% and over in official elementary tests. He qualified for the NSW State Championships 2010 and qualifiies and competes at the NSW Young Riders Championships on an annual basis. He just oozes potential, an extremely uncomplicated ride, however, studies and finances dictate that he has to be sold. His career highlights include :

- 2008- EFA NSW State Interschool 6th overall
- 2008- Hunter Valley Dressage Preliminary Champion
- 2009- EFA NSW State Interschool 8th overall
- 2009- Singleton Associate Novice Champion
- 2010- Singleton Elementary Point Score Champion

"Tango" is great to shoe, float, catch and clip. He is an easy, uncomplicated horse who can be ridden every day or once a week - it makes no difference to his outlook at the weekend competition! He is easy maintenance for a busy rider or ready to go on up the levels for the ambitious rider.

Bay filly 13/10/2010

Rave is the spitting image of her sire at a young age, matching his incredible trot, uplifting canter and regular walk with a beautiful personality that causes everyone to dote on her. Rave is out of a small warmblood mare standing at just 14.1hh and so may well be that hard-to-find market item, a small but impeccably bred warmblood with international breeding! Rave is of course by Byalee Romance, who is by Australia's reigning number one Grand Prix dressage horse, Regardez Moi. Truly, these horses are bred to perform the most difficult of movements with their eyes shut. On the dam side, Rave is out of Byalee Maeve, who is by Grand Prix stallion Richmeed Medallion (dec, imp), who is out of Byalee Flute, by Salute, who showed under saddle the amazing movement as Heath Ryan's international Grand Prix champion GV Stirling Stilton (highest Australian score at WEG, Jerez, 2002). Rave would be ideal for the smaller rider looking for a nonetheless top quality competition mount and would also be ideal to breed to large stallions or German riding pony stallions. Isle of Manhattan is by Magnetic Isle who carries the famous bloodlines of the Contact/ Cor De La Bryere on the grand-sire's side and Calypso I on the grand-dam. His dam, Tamerisk, carries just enough TB to give some elegance but without the fizz. Manhattan is the perfect dressage shape, short-coupled, uphill and a natural frame. With a trainable nature and excellent temperament, you have the ideal horse for a junior rider or smaller adult to take up through the ranks. Manhattan was professionally broken as a three year old and quietly hacked out until he was four, when he was taken on by professional rider/coach Amanda Hocking. He gained 68% in his first preliminary test, then ran 3rd in the Preliminary Championships at his second start at WPNEC as a loan horse for the New Zealand Young Riders team. He qualified for Victorian State Championships 2010 and 2011 with scores in the 70s. Manhattan has been ridden by beginners and FEI riders alike and all have enjoyed their experience. He is winning at preliminary /novice, training elementary and has started flying changes.

Pic: PeterStoop@exemail.com.au

Black filly 12/11/09

Fidella is a light elegant version of an equine ballerina. She needs little or no encouragement to show off a trot that is full of spring and exquisite poise. Everything about Fidella is exquisite and poised, from her conformation to her personal demeanour. Fidella carries some very state-of-the-art bloodlines in that she is by the young stallion who is taking Australia by storm, Fiji R. Fiji R is being campaigned by young rider Breanna Tillitzki and is winning with big scores at medium level. Fidella is out of a Regardez Moi mare, Ruby. Regardez Moi has been the Australian Grand Prix dressage champion on two separate occasions. Ruby is out of a Richmeed Medallion mare. Richmeed Medallion was himself a Grand Prix dressage horse and did throw very elegant foals with a light way of going. Fidella seems to have taken the best traits out of all of her ancestors and represents a truly spectacular individual.

AEA Magenta

LOT 28

Chestnut mare 30/10/07 16hh

AEA Magenta is a beautifully conformed mare with very powerful movement. She has only been going under saddle for a few months but she is so very quiet. She will be a little treasure for any competition home as she will be superstar in the right hands. This comes as no surprise with FEI dressage champion AEA Metallic as her sire. AEA Metallic recently won the VDC Inter I Club Championship. Everyone is in awe when they get the chance to see him move. If it wasn't for commitments of a young family he would be competing and winning all over Australia. At 10 he can do all the Grand Prix movements and we are gearing up for Grand Prix early next year with a passage and piaffe not seen before in Australia. His offspring are all unbelievably quiet and intelligent like him with movement and trainability. Magenta's dam, Dutch Gem, is by famous AEA Dutchman (imp, dec) out of an Able Tasman mare. Gemma won many dressage competitions and AWA championships like National Mare. Her oldest offspring is the FEI horse AEA ET One and after 8 embryos, she is now one of our most successful broodmares! Santa Cruz Alicante is an outstanding young horse with a calm and sensible temperament. He has an elegant head, a natural arch to his neck and compact, correct conformation. Ali has three outstanding paces, is well balanced and has an incredibly trainable nature. He was bred for performance, and the combination of Spanish Andalusian flamboyance and warmblood elegance creates a perfect blend for the competition arena. On Ali's dam's side is the impressive AEA Dutchman, who has produced some outstanding offspring in all Olympic disciplines. Dom Azea, on the bottom line, is by the legendary Dom Herr, sire of dual Olympic Gold Medal winner Kibah Tic Toc, as well as exceptional dressage stars such as Dom Perignon and Herr Dominator. The Andalusian blood was added to Ali's line-up to enhance the genetic inheritance for passage and piaffe and brings out that "look-at-me" presence. Bay gelding 4/2/11

Yasi is a dynamic little character who is born full of expression. He is part of the first drop of the Starnbergs. Starnberg will be performing in the masterclass where he will surprise everyone with his natural talent and comprehension of the advanced movements such as piaffe and passage and one-time flying changes. Yasi is the only Starnberg to be offered so far for sale out of a thoroughbred mother. This certainly has not taken away from his athleticism and his mother Maze does carry some very interesting bloodlines. Maze is by Sanction, who is the sire of Heath Ryan's 4-star three-day event winner, Flame. Right down on the bottom line is Zamazaan who was both a superstar racehorse sire as well as a superstar eventing/dressage sire. Yasi is made of Indian rubber and is born supple all over. He has a really nice walk with a super round and bouncy trot. Like his dad, his canter is blessed with a wonderful balance which should lead the way to spectacular changes. Yasi is all talent and is cute as a button. This is a great opportunity to get in at the right time on a young bloodline.

Johannesburg R

ON ACCOUNT OF RYANS

LOT 31

Pic: PeterStoop@exemail.com.au

Black mare 15/1/2009 mature 16hh

Johannesburg R is just 3 years of age and showing lots and lots of promise. She was broken in by Sappho who can be seen riding the mare in the photograph. Johannesburg R has just the most beautiful temperament and a natural willingness to please. Johannesburg R folds really naturally through the poll and on to the bit. She has a very steady head carriage. Johannesburg R has three steady, balanced paces in the walk, trot and canter. We believe that she is indeed very talented and spectacular in the paces but we have not pushed her training at this early stage. Johannesburg R is very quiet and intelligent and we do have to be very careful not to train her too quickly. Johannesburg R is by Jive Magic who is a brilliant Grand Prix dressage stallion. Johannesburg R is out of Russia R who is by Regardez Moi who is the two-time Australian Grand Prix dressage champion. Russia R is out of Georgia R who in turn is by Grand Kavalier. Grand Kavalier is out Resista who is a full sister to Rubinstein. Of course Regardez Moi is by Rubinstein so Johannesburg R has a double cross of Rubinstein. Johannesburg R is magnificently bred, has a magnificent temperament and is well on her way to becoming a magnificent riding horse.
