GROWING OUT SERVICE

When you buy an unbroken youngster you are getting first bite of the cherry. These are not horses that have been assessed by the professionals and passed over. These youngsters have the potential to change Australian Olympic history.

The first step with an unbroken youngster is to grow him/her out with exposure to good fencing, appropriate companionship and a diet that includes the right minerals for bones and joints to develop, plus a program of regular worming.

Auction of the Stars will take care of all of this. You do not have to have a moment's worry. It's a great way to buy a youngster, and a great way to get the beginnings of a dream, managed by professionals.

For more information and costing simply pick up the phone and talk to **Heath 0417 656636** or email info@auctionofthestars.com

December 2013

Welcome to the 2013 AOS December Auction here at Heatherbrae. Each year the auctions do evolve and progress demands that we do keep reinventing ourselves. Certainly the focus has gone from selling mainly weanlings in the early days to today selling a much larger proportion of ridden horses. Of course, over the years, our weanlings have become ridden horses and today we are proud of the performances of horses sold through the AOS auctions.

- Utopian Cardinal was presented through the 2010 AOS Heatherbrae Auction. Cardinal is by Regardez Moi and today is the youngest Australian Grand Prix Dressage horse to be challenging for team selection for the World Equestrian Games next year in France. At the time of writing Cardinal had competed in only eight Grand Prix tests and had won seven.
- Jude R, by Jive Magic out of Marge R, was bought as a weanling by Sue Hearn at AOS in 2006. Today he is a seven-year-old who has just won his first advanced dressage test. Sue feels that Jude has a very exciting future in front of him.
- Bindaboo is a Brilliant Invader gelding bought by Lindsay Honey in 2010 as a 1* eventer. Lindsay and Bindaboo are today 3* and in the running for selection for the World Equestrian Games in France next year.
- Aspire R was sold as a three-year-old in November 2009 and is by Aspen. He was bought by Pamela Maine and has been primarily campaigned by Heath Ryan. Aspire R has developed into a very fancy young eventer, winning the 2013 Quirindi CC12*. Aspire is entered for Adelaide 3DE at the time of writing and we expect him to step up to 3* early next year. Already there has been considerable interest from overseas buyers.
- Just Dance R is by Jive Magic out of Richmeed Dancer and was bought as a weanling in the May 2006 auction by Katina Smith. At the recent NSW Dressage Championships 2013 Katina and Just Dance R were medium overall champions and advanced overall champions.

- Jarrah R, by Jive Magic out of Samphire, was sold as a weanling in March 2007. Jarrah R at the recent NSW Dressage Championships 2013 was reserve advanced champion to Just Dance R.
- Nova Cruz who is by Carbine was sold at the 2012 December auction and with Wendy Ward in the saddle is winning both Prix St George and Intermediate I competitions.
- Feldale Regardless R, by Regardez Moi out of Georgia R, also sold through AOS and is competing very successfully in the lower eventing grades with Australian international rider Felicity Cribb in the saddle. Regardless is a stallion and demands a lot of attention.

Without doubt the auction horses are performing brilliantly at a top level in the Olympic disciplines. Equally, the auction horses are being just as successful for riders with lesser competition ambitions who nevertheless share the same passion for horses.

This December we have a wonderful mix of young dressage horses, competition dressage horses, young eventers, competition eventers and newly broken youngsters. We have an unusual inclusion of an imported riding pony who is currently NSW Medium Pony Champion and the National Elementary Pony Champion. Equally unusual is the imported stallion Desert Storm who has the most fantastic bloodlines being by Dr Doolittle who in turn is by Donnerhall out of a mare who is carrying both Florestan and Rubinstein blood. These bloodlines are probably the best you can get anywhere in the world at this present time. What makes this stallion even more unusual is that he stands at just 15.2hh. And as usual we have a mix of unbroken stock, primarily weanlings with breeding to die for along with our traditional presentation of a limited number of super quality brood mares.

I have no doubt that within this collection there are a number of individuals that have the potential to become a part of Australia's Olympic history. We wish everybody the very best of luck.

Cheers,

Heath

A MESSAGE FROM ANN-MAREE

A HORSE FOR EVERYONE

Auction of the Stars has been in the business of selling dreams for more than 10 years. For many people, those dreams turn into reality.

Once upon a time, those dreams came in the form of weanlings, but with a changing market, Auction of the Stars has changed to accommodate new and adjusted dreams – to the advantage of you, the buyer!

The best way to turn a dream into reality is to turn it into a goal, and that is where Auction of the Stars comes in. Heath has demonstrated clearly in his foreword that horses presented at our gala weekends come through later in life with successful performances, as many and varied as their owners' hopes and dreams.

First of all, those equestrians out there with dreams need to define a goal. Suppose your dream is to one day ride at Grand Prix level. That's a lovely dream, but it will never be realised while ever it is a vague dream. Think about it. What's to stop it from becoming a reality? Breaking down that goal, your first step would be to own a horse that is capable of performing the piaffe and passage required at that level. Auction of the Stars has historically focused on the 3% of horses that can accommodate that goal. The next step would be to determine what budget is available to you to acquire the horse that is most likely to carry you to your goal. A generous budget would give you an advanced horse. A smaller budget would mean a younger horse. It might even mean an unbroken horse. It might limit you to a weanling. It may possibly only stretch to a broodmare, which means you will have to wait a little longer for the same thing. It is still achievable – but you need to make a start, not just talk about it or think about it.

No budget at all? No savings, but regular income? You can always apply for finance through Auction of the Stars and take the horse home with you, using its presence to encourage your steps towards the next step as you pay it off over 12 months.

All of those financial considerations should be taken into account when flicking through the Auction of the Stars catalogue. Research the different levels of horseflesh available. Research the reserve prices of a variety of horses to give you some idea of what will be available to you. And then watch closely – often there are bargains to be had from left field that are completely unexpected.

A goal has to be specific, so set yourself a target – perhaps purchasing a horse that will take you one step closer to where you want to be. A goal has to be measurable – at the end of the auction, has your path to your goal of riding Grand Prix progressed? Is it attainable now? Perhaps this auction is the reconnaissance mission and you plan to return next year, savings plan firmly in place, pen at the ready to mark, this time, real possibilities. Perhaps you can lease a broodmare and simply buy a service fee to one of the Auction of the Stars stallions – we find that people will frequently come up to us and tell us that they saw our stallion five or so years ago, but now they are in a position to take the next step to their goal.

And of course your goal has to be realistic – that's where we come in. Choosing a Grand Prix horse from Auction of the Stars is entirely realistic given its history of selling horses that make it to the top level. Of course, you can come and along and spectate, that's fine too, and we welcome the crowds that make our atmosphere what it is, but a dream is a goal with a plan, and a goal is a plan with a timeline.

You may not be able to promise yourself that you will be Grand Prix in six years' time or else, but you can barter with yourself and set yourself a time by which you will have bought something to set yourself on your path.

Of course your goal may be wildly different to the above. Perhaps you would like to simply own a beautiful horse and compete, or own a beautiful horse and watch it be trained, take yourself to Grand Prix showjumping rather than dressage, or breed young horses to sell to professionals, but whatever it is, Auction of the Stars can take you one definitive and positive step closer to helping you to be where you want to be.

Give it a go. You don't know until you try. And you will always be ahead of those who never try.

Ann-Maree Lourey

RIDDEN HORSE TRIALLING

This is one of the outstanding opportunities offered through the AOS selling program. We would encourage all riders who are slightly interested in the ridden horses to pluck up the courage to trial these horses in the official trialling times. Of course you are very welcome to trial these horses by prior arrangement in the weeks preceding the auction. Most people do suffer from the thought of riding in front of a crowd on the official trialling day. Our take on this is that if you are too embarrassed to look out for your own interests, then certainly nobody else will. Also, if you have dreams and ambitions, secret or otherwise, and being embarrassed is the biggest obstacle you have to overcome, then really life is not too bad. Realistically you will have to overcome much bigger obstacles than just being self-conscious or embarrassed. Get out there, trial these horses and take advantage of a great opportunity.

At the auction you do have the unique advantage of comparing one horse against the other. This comparison opportunity is exactly what happens in competition, one horse immediately compared against another, a phenomena which is very difficult to replicate when buying a horse privately. Riding is a passion discipline and in most instances when buying privately a prospective purchaser falls in love with a horse and buys it. In the auction situation, a prospective purchaser is much more likely to weigh up the pros and cons of each horse on a comparative basis. Of course, falling in love with the horse is a critical ingredient for success but we at the AOS would encourage you firstly to select your next horse on an intellectual level, then follow your heart and fall in love with the horse. We all know of people that have bought horses that didn't turn out to be everything they had hoped for but nevertheless, love the horse and persevere even when it is clear they should sell and start again. Treat the auction trialling as a day at the office.

We encourage everyone to trial each horse that goes close to falling into their wish list category. Keep in mind that sometimes a horse that reads and looks mediocre in the catalogue actually turns out to be lots better in real life than you had expected. Conversely, some horses will catch your imagination in the catalogue, and then be disappointing in real life. Once you ride more than two horses you will lose track of details on each horse so we encourage you to write notes on each horse immediately after trialling them. Also, watching a horse being trialled by other riders is a great way of assessing honesty and rideability.

The first official trialling is at 12:30pm on Saturday 14th December and we would encourage all interested parties to take advantage of this Saturday trialling. This does give you as the potential buyer the opportunity to have another ride the next day Sunday 15th December at 8:30am. This also gives you enough time to research the horses and talk to the owners.

The basic format of trialling is that two or three horses come into the arena and are shown off for the first five minutes by their vendors, basically warming up and just gently running through the horse's routine. Then people wishing to have a little sit are invited to come forward. Prospective buyers organise to trial a horse by approaching the AOS representative, who takes a list of names so as to keep the trialling ordered, and also signing the appropriate waivers. Each trialling is tailored to each rider's individual needs, keeping in mind that the first and foremost priority is safety, and of course the well-being of the horse. It is a very hectic schedule with two sessions of public trialling plus the auction, all in two days, so horse welfare is a major consideration. We are of course very aware of also servicing the riders' needs.

Good luck, and if you have any questions please feel free to contact Heath Ryan on 0417 656 636 or email info@auctionofthestars.com

Palomino stallion 2004 17.2hh

Byalee Briar is an amazing opportunity to acquire a highly sought-after European pedigree without the frozen hassle! Bjorsells Briar 899 was for 7 years a legend, the world's number one dressage breeding stallion! On the dam line, Byalee Briar is out of a Bernstein mare, Bernstein being another Swedish warmblood stallion and sire of many approved stallions, with offspring in Grand Prix in Europe and the US. Bernstein was stallion of the year in Sweden and now has offspring with amazing piaffe and passage. Both Bjorsells Briar and Bernstein are elite-listed performance stallions and together these bloodlines have now produced Byalee Briar, who is just beginning to develop what will be an amazing competition trot. He has inherited Briar's incredible uphill canter with strong shoulder and knee action, and shows that ever-essential correct walk. Byalee Briar is now moving up to medium/advanced level after winning championships at elementary level on up to 70%. So quiet he can be campaigned by a teenage pony clubber, and his babies are friendly with great conformation and amazing movement. He jumps, practises polocrosse, and rides out like a gelding babysitting the young horses. His youngsters are a joy to ride. And as a bonus, Byalee Briar is a palomino, with the colour dating back eight generations of Swedish warmbloods. Now AWHA, ISSA and palomino registered. Live cover only.

Unfortunately Jive Magic was injured and so did not continue his campaign as a top Grand Prix competition horse. He did however earn a reputation of being the most powerful Grand Prix horse in Australia. Jive Magic won some of the biggest Grand Prix competitions on the circuit including the prestigious Sydney CDI. As a sire Jive Magic is experiencing huge success. His very first foal went Grand Prix and is called Jeff the Chef. Jeff the Chef is campaigning in the USA and we are hoping will make the US team for the World Equestrian Games in France in 2014. At the recent Nsw State Dressage Championships the advanced and medium champion was Just Dance. Reserve in the advanced was another Jive Magic in Jarrah R. Earlier this year the 5 year old class at Dressage With The Stars was taken out by Jazzski. Recently the NSW State Eventing Championships were held in Goulburn and Je Blues shows great promise as an eventing superstar in the CIC2* class with Sam Fasher in the saddle. Young stock by Jive Magic are inclined to have very fancy movement.

Black stallion 1/7/2004 16.2hh

Fiji R is an exciting young imported stallion campaigned and trained by young rider Breanna Tilitzki. Breanna has had great success with Fiji R, winning with scores over 75%. These scores have been posted at major competitions including Sydney competitions. Fiji R has now started competing at Prix St Georges and Intermediate I levels. Fiji R has the quietest of temperaments and often will be found at Young Rider competitions with just Breanna and her Mum as rider and guardian. This temperament Fiji R passes on to his foals. Fiji R has quite remarkable paces with a very distinctive walk. Trot is fully suspended with a definite ballerina poise between beats. Canter is beautifully balanced and uphill with super easy flying changes. Fiji R is sensationally bred with his sire Florencio being both the 5yo and again the 6yo World Champion young dressage horse. Florencio I is by Florestan I who has emerged as one of the recent very important dressage lines in Germany and who has a number of Olympic offspring to his credit already. On the dam line is a mix of Trakehner through the very famous Hohenstein and thoroughbred through the Hill Hawke line. The Hill Hawke line has become famous as a dam line by also being the dam line of the Welt Hit line. Many of the top Australian riders have a Fiji R youngster growing out in their backyard for the future including riders such as Rachael Sanna.

Flaxen chestnut colt 01/01/2010 15.2hh

A compact and very attractive young colt by British Olympic Grand Prix sensation Wie Weltmeyer, Wow simply oozes charm. His elastic and correct paces show scope in his movement with an exceptional hind leg action in both trot and canter and increasingly flash front leg mechanics. His trainability is second to none, with his enthusiasm and talent for dressage simply amazing for his age. Wow eats up the work and begs to be ridden each day. He qualified for Dressage with the Stars at his first outing at the recent Australian National Dressage Championships and is training at home through elementary/medium movements. Jumping should be no problem either as his sire, Wie Weltmeyer, was known to win 1.4m classes on alternate weekends to his FEI dressage commitments! Wie Weltmeyer is a seriously versatile stallion with a lovely temperament and has crossed so well with the TB mare Lawsuit. This young colt will be perfect for the smaller rider wanting a horse with versatility, scope, power and presence and is already proving popular as a sire over pony mares. Those interested in colour should note that Wow has a flaxen mane and tail – a tail which is in fact white – so we are looking forward to lots of chrome on his offspring! The first Wow foal is on the ground and is showing his same beautiful temperament. Wow is that sought-after warmblood stallion, small enough to be ride comfortably but offering Grand Prix dressage and jumping bloodline to fill a popular niche market in Australia. **For more information and photos of Wow and his parents see www.byalee.net.**

Black stallion 22/05/08 15.2hh

Desert Storm is a magnificent imported black stallion representing just the very best Olympic bloodlines in the world today. He is a beautiful type with an artistic head and neck. His movement is big and correct with super bend through the hocks and knees. Desert Storm is very strong behind and gives the softest of rides. He has an outstandingly soft back. Interestingly enough Desert Storm is also a very fancy jumper. He loves to jump and approaches the fences with a careful watchfulness and then bascules up over the fences with perfect technique. Although very careful, Desert Storm is brave and does not stop or run out. He just loves it! For the breeding connoisseurs Desert Storm is bred to win a medal at the Olympics in dressage. Donnerhall through himself and his sons is responsible for influencing the breeding of over half of the top 15 placegetters at the recent European Dressage Championships. Rubinstein blood is also extraordinary and exerts a whopping 21% influence in the genetics of these top 15 placegetters. Right now these 2 bloodlines are the "crème del la crème" of the top Olympic Grand Prix competitors. Then Desert Storm has the add on of Lauries Crusador and Florestan I who have both produced Olympic Grand Prix dressage horses. For a breeding buff these are lines to die for. For an aspiring rider this is a horse to die for. For a collector of quality individuals this is an item to die for. Desert Storm is special on all counts.

Burnt buckskin filly 09/01/13 mature 16.3hh

Rush R is definitely the ugly duckling of the auction. She is going to turn into the most beautiful young dressage lady. Rush R has fine elegant lines and lots of leg underneath her. She moves very softly with almost a daintiness and scope combined. In the photo she has a foal coat but by the auction we expect her to be burnt buckskin in colour and look absolutely stunning. Without being radically different she is immediately going to be individual through her colour and quietly beautiful. In the paces department Rush R is right up there with the best of them. She definitely has paces that would interest an Olympic rider. In the temperament department Rush R is just super-duper sweet. She would just love to be someone's best friend. Rush R is by Regardez Moi who is the most winning Grand Prix horse ever in Australian history. The mother of Rush R is by Byalee Briar who is a very talented palomino stallion with great Swedish bloodlines and a stallion for the future. Perhaps easy to overlook is the Salute mare Stirling Savannah who in turn is also the dam of Byalee Magic who was a very successful Grand Prix dressage horse. Rush R does have a wonderful collection of Grand Prix dressage genetics. Certainly we are extremely hopeful of great results from this filly in years to come.

Jimson R is immediately an outstanding lot being tall for his age and very well developed. He has wonderful conformation which makes the heart quicken. Jimson R is particularly quiet with great poise and a natural soft confidence. He is quite difficult to chase around the arena and show off his paces. His paces are however wonderfully balanced with huge scope and a spectacular kick into the air and subsequent moment of suspension whilst trotting. A brilliant type that would stand up with the best youngsters in the world. Jimson R is by Jive Magic who in 2008 won the Sydney CDI Grand Prix. The young stock by Jive Magic are going very well with Just Dance R winning the advanced and the medium champion at the recent NSW dressage championships. Runner up in the advanced was another Jive Magic gelding called Jarrah R. Very interesting is that Jarrah R is just 7 years of age, has already won a Prix St George and is out of Jimson R's grandmother, Samphire R. Samphire R is stunningly bred being by Salute who is also the sire of Victory Salute who came 9th in the dressage in the World Equestrian Games in 2010. Salute is also the sire of Stirling Stilton who was the highest scoring Australian Grand Prix dressage horse at the Spanish World Equestrian Games in 2002. Bay gelding 13/03/03 16.1hh

Tailor Made Jackson has it all – breeding, looks and talent. At the cusp of his FEI career, Jackson is showing all the makings of a dressage horse destined for Grand Prix. Throughout his career he has competed all over Australia in major competitions, excelling at both Young Rider and official championships – with too many performances to mention. With limited outings this year due to owner's work commitments, he is now ready to be campaigned at FEI and would suit any rider wanting to ride at the top level or looking for a schoolmaster. Currently graded advanced, Jackson was the Hunter Valley Dressage Advanced Horse of the Year in 2012. He commenced his PSG career in 2013, with his first Inter I start in September. He is currently training all Grand Prix movements including one-time changes and shows a very natural ability for piaffe and passage. Jackson is very regrettably offered for sale and is a horse that lives to please and always gives a 100%. He is quiet, genuine, sound and reliable and very rarely do horses come along of his calibre with so many good competition years still to come.

Grey gelding 01/12/2000 16.2hh

Hygain GI Jo performed very well with his young rider Raquel Corbett coming 5th at the Werribee CIC2* in 2010. Hygain GI Jo was then sold and used as a schoolmaster for a couple of years before returning to competition with Heath Ryan in the saddle. Jo's first start back was at Camden Equestriad in September 2013. He was entered in the pre-novice or EV105 class and placed 5th. Jo immediately moved up to 1* at Scone CNC in October 2013. He was 6th in the class. Jo then went to the New South Wales State Eventing Championships at Goulburn in mid October 2013 and came 4th in the CIC 1*. This was in a field of 27 starters. Hygain GI Jo does a really nice dressage test scoring over 70%. Interestingly enough Jo has really nice, clean, straight flying changes. As a show jumper Jo has lots of scope and is very careful. Jo and Heath have gone to some straight show jumping shows and placed in the 1.20m classes. Cross country, Jo is very straight forward and also quite creative in terms of helping the rider out if the distance is less than perfect. Jo is naturally very quiet and can be ridden by a very inexperienced rider as well as responding very positively to an experienced rider. This is a very nice horse indeed who is on his way up and is a serious competition proposition.

Rubin Carter R was bred by Grand Prix, self produced, dressage rider Carolyn Begg from Taree NSW. Carolyn feels this is her dream horse but unfortunately the age of the rider and the age of the horse are no longer really compatible. Carolyn bred Rubin from her mare Oberon Whinzal who Carolyn describes as the most beautiful mare that ever looked through a bridle. Whinzal is also the dam of Ecclesbourne who with Teresa Grills is now winning Prix St George and Intermediate I in serious company. Oberon Whinzal does carry some very interesting bloodlines in Weltmeyer and Salute. On the dam's side of Oberon Whinzal is Emperor Oberon who was a Cleveland Bay stallion. Emperor Oberon was the sire of Carolyn Begg's grand prix mare Atalanta and this mare with Carolyn could piaffe and passage stupendously. The sire of Rubin Carter R is Royal Hit who is now deceased. The Royal Hits are fabulous moving youngsters and beautiful types. Royal Hit carries the Rubinstein bloodlines and his mother Loretta is also the dam of Sandro Hit and Diamond Hit. These are very famous stallions. Rubin Carter R has a massive overtrack in the walk, huge swinging trot and a canter with great balance and rhythm. We knew we had an incredible dam (an AOS foal!), with lines back to the legendary Brilliant Invader/Souvenir. She jumps with a graceful ease and has a remarkable canter for which her bloodline is famed. The dam's temperament is delightful. When it came time to breed a true performance horse from our stunning mare, we wanted something unique and with the help of the AOS team we chose Chris Chugg's (producer of Vivant and ASB Conquistador) young licenced Hanoverian stallion Baluga (imp) - a very new and exciting prospect for Australian breeders. Baluga is a modern and elegant type, and his jump is described by Chris as athletic, effortless and light off the ground. Skywalker R is not destiny bound to be our biggest youngster in the auction but he will create a lot of interest. Skywalker R's dad, Starnberg, was a fabulous black imported stallion owned by Pamela Maine. Starnberg spent his first couple of years here at Ryan's where he progressed quickly and by the time he was 6 years of age he had mastered piaffe, passage and one time changes. He was a very cool dude and just had huge aptitude for training. Starnberg did win two advanced official dressage tests before going back to Pamela to start his proper competition career. Whilst here at Ryan's Starnberg alternated from being a serving stallion to an auction masterclass presentation to a sometimes competition horse. He was an amazing success. Since focussing up on straight competition Pamela decided to geld him and so these are some of the last Starnbergs ever. On Skywalker R's dam side are two Grand Prix stallions in Regardez Moi and Richmeed Medallion. Regardez Moi carries the Rubinstein and Donnerhall bloodlines and Richmeed Medallion carries the May Sherif bloodline. Bay mare 15/09/09 16.1hh
PPT to Fiji R LFG

Pumpkin R does carry some different bloodlines which are very exciting. This is a young mare that does have fabulous conformation and mesmerising movement. The movement is exciting to watch and goes off like a metronome. Her paces are special enough that we would expect everyone at the auction to take particular note of her. A very serious dressage proposition. The genetics making up Pumpkin R are fascinating. Her father Promise R was a young stallion who had special talents for piaffe and passage. Her grandfather, Prestige, is currently on the Australian Grand Prix Dressage Elite List for the World Equestrian Games in France next year. Her great grandfather, Silvano N, represented Holland at the Sydney 2000 Olympics in the Dutch Dressage Team. On the dam's side of Promise R is Flemmingh who is a superstar Dutch stallion being the sire of Anky Van Grunsven's Krack C and also Edward Gal's world cup winner Lingham. Equally exciting on Pumpkin R's dam side is Slinky R who is by Salute. Salute would be the most influential sire of Olympic horses in Australia today. The grand dam, Lynx, is a full sister to Londoner who was Australia Prix St George and Intermediate I champion as a 6 year old. Londoner went on to do Grand Prix with Mary Hanna and won the Trans-Tasman tour of New Zealand. Pumpkin R is something out of the box.

Brown mare 2008 16.1hh

Wow, we are so excited about this mare. Byalee Desire (known as Flick the Fresian) is by Fresian stallion Dennis van der Smalbemde (imp), who is known the black pearl of Fresian magnificence (see his photos at www.byalee.net) out of a Northern warmblood mare. Dennis is registered KFPS (Holland) and ANZFHS (Australia & NZ). Like her dad, Flick is an absolute dream to ride. Dennis is a sensational elegant sporthorse friesian, with a commanding presence, possessing light and floating movement. He has amazing good looks and it is obvious that Flick has inherited his fantastic temperament and trainability. She has never put a foot out of place, doesn't need to be worked every day and doesn't need lunging. Flick is going to mature into magnificence and she is going to be an amazing equine partner, being incredibly comfortable to ride. To date nothing has fazed her and she can never get too much attention. Add to that the Northern Congress Olympic blood and you have quite literally all you could desire in a young horse - breeding, temperament, balance and comfort. Unique!

Bay filly 16/11/12 mature 16.1hh

This is a truly beautiful young filly who would win a led in class at any Royal Show in Australia. Really well developed for her age, Fellini R shows a magnificent crested neck and an apple bottom. Fellini R has a very feminine head and a beautiful body with lovely straight legs. Fellini R does really move and will dance lightly across the surface with very little effort. Typical of the Fiji babies Fellini R has a wonderful temperament and is very interested in humans. We think this is the only Fiji/Alabaster youngster in existence. Alabaster started his Grand Prix Dressage career with Rachel Sanna in the saddle and represented Australia at the 2010 World Equestrian Games in Lexington, USA. Today Alabaster is based with Hayley Beresford in Germany and again is preparing for the 2014 World Equestrian Games in France. Fellini R does have simply magnificent genetics, does have simply magnificent conformation and does have the most beautiful, sweet disposition. This is a very special youngster.

Remembrance R has bloodlines to die for. Sire Regardez Moi having won more than 40 Grand Prix dressage competitions being the most winning dressage stallion ever in Australia. Dam Julip R being by Jive Magic who won arguably the most important Grand Prix on the Australian calendar being the Sydney CDI. The great-grandfather on the bottom line being Don Ramiro who was an absolute sensation as a 5 year old in Australia before being sold back to Germany. Also of interest is the grand-dam Delphinium who already is the dam of FEI dressage horse Snapdragon being ridden by Kathryn Croft. Remembrance R is a magnificent young individual who is artistically put together and who moves with a natural grace and lightness. Remembrance R has great bend through both her knees and her hocks. She is also very inquisitive and as can be seen in the photograph is very interested in training and tricks. Certainly this does suggest a very bright mind. This is a magnificent riding horse of the future and in due time, also a magnificent broodmare proposition. Good luck.

What a super young dressage horse! Marmaduke is a charming young horse with plenty of potential. He is an attractive, eye-catching type with loads of presence. He has also had success in the 4yo and 5yo young horse classes, winning the 5yo young horse qualifier at the 2012 Australian National Dressage Championships. Marmaduke has started flying changes and half pass in trot and canter, which should come as no surprise given that he is sired by imported Swedish superstar Magritte, an international Grand Prix stallion by the elite Swedish stallion Magini, who is also the sire of Bjorsells Briar 899 (Jan Brink), the world's number one dressage stallion for seven years and the sire of Byalee Briar (imp). Pianola R is a very unusual presentation and represents a product from a rarely seen hidden herd of mares. These youngsters are eventers and are produced by Heath, for Heath, and until recently have had little or no promotion. Promise R is an amazing mix of Olympic dressage bloodlines in Silvano N who competed in the Grand Prix dressage at the Sydney 2000 Olympics for Holland and Flemmingh who is the sire of Lingham with Edward Gal and Krack C with Anky van Grunsven. Both Silvano and Flemmingh however are pure jumping bred and so although Promise R (Pianola R's sire) at first glance is a dressage stallion he does jump like a stag with great technique, agility and watchfulness. Song R (Pianola R's dam) is by Sanction who also sired Flame, who with Heath in the saddle won most of the major three-day events in Australia including Adelaide 4-star. The dam of Sanction is Sasha who is by Sir Dane. Sir Dane was the sire of Stirling Shade who with Heath in the saddle a long time ago was two-times the Australian three-day event champion. Pianola R has an older full-sister called Peaches R who has been kept on by Heath with a view to competing at 4-star level eventing. Pianola R is so bred to be an eventing superstar!
