# Why Buy?

Auction of the Stars at the Southern Highlands is on again.

We have a draft of perhaps the best youngsters ever, and it is really interesting to observe the evolution of Auction of the Stars. Once we showed off young stallions strutting their stuff, and we, the vendors, were proclaiming how good they were going to be. Well, today we have evolved, and those young stallions are now Australia's indisputable top Grand Prix dressage competition individuals, winning not just national acclaim but now part of Australian teams on the international offensive.

Once we showed beautiful young weanlings bouncing around the sale ring with wonderful enthusiasm, and we, the vendors, proclaimed how good they were going to be. Well, today we have full brothers and cousins to those original enthusiastic frontliners and today those frontliners are Australian and American and Asian champions with owners not far off realising Olympic and international representation.

We promote the statistic that only 6% of all horses have a complete vocabulary of the language of Grand Prix dressage. Perhaps only 2% of those horses can do it really well. Genetically, though, the Grand Prix vocabulary has some 30% inheritability. So if both the sire and the dam are Grand Prix-bred, you arguably have a 60% chance of a Grand Prix individual. If grandsire and dam are also Grand Prix, the likelihood of a Grand Prix individual is theoretically increased again.

Being aware of the genetics when you are buying is only sensible. If you buy a young horse that has beautiful conformation, moves well and has a wonderful temperament but no immediate parentage at Grand Prix, your chances of succeeding at the higher levels of dressage are almost nil. You might as well go and buy a lottery ticket, but amazingly Australians will time and again purchase dressage horses without considering genetics, and back this purchase with their lives. Simply crazy!

As a result, most Australians are non-performers and blame this non-performance on their lack of talent, lack of funding, lack of opportunity, unfortunate circumstances, lack of knowledgeable guidance etc etc. The trouble with this theory is that if you study the Olympic competitors every four years, many riders will have encountered all of the same obstacles and sometimes worse, but they did come up with a horse that wanted to do Grand Prix. Despite it all they prevailed and went to the Olympics.

We say that 90% of the Australian riders who reach medium-level dressage are more than capable of riding and training very presentable Grand Prix - IF they have an appropriate horse.

This catalogue is unique: most of these horses ARE appropriate horses. We just need Australia in general to understand that riding at the top is an intellectual journey, and that any average Joe can take control. We wish you the very best of luck and lots of control!

From the directors,

*Heath Ryan and Ann-Maree Cambridge*

## Black Grand Prix stallion 16.3hh 1996

Regardez Moi had a huge year in 2009 – Australian Grand Prix Dressage Champion 2008-2009, he also represented Australia at the World Cup Dressage Finals in the USA at Las Vegas, the first of what we hope will be many Australian representative honours for Regardez Moi. 2010 is also expected to be a big year with the World Equestrian Games being conducted in the USA this time at Lexington, Kentucky. We hope to be there!

At home Regardez Moi has been having great success with his progeny. At our Queensland auction last year (Toowoomba August 15/16), the five Regardez Moi lots sold at an average of \$17,950.00!! This has to be some sort of Australian record. The Regardez Moi youngsters are showing great talent for piaffe and passage and are likely to find Grand Prix relatively easy. We promote the statistic that only 6% of the horse population has a vocabulary of movements that allows them to have the potential to do Grand Prix. We genuinely feel that in the very near future in Australia, the riders that have invested their time, money and soul into the Jive Magic youngsters and the Regardez Moi youngsters will pretty well dominate dressage in Australia. We also genuinely feel that Australia is about to challenge the world in the dressage discipline so getting involved with these stallions is just a smart thing to do. Regardez Moi was born for this. ## Bay stallion 16.3hh 29/05/01

The legendary AEA Metallic has proven himself to be an inspiration for the dressage sport in Australia as a top class performer as well as siring some of the most outstanding moving foals ever bred in this country.

Since his arrival in October 2005 Metallic's performance has gone from strength to strength and he started Prix St George at just six. El lost a year of competition but nevertheless Metallic had wins at medium and advanced at the Westernport Championships in early March 2009. We are expecting him to do Grand Prix within a year because everything comes so easy to this super-talented stallion. An awesome mover with a powerful, elevated and cadenced trot, he not has only a front leg with that rare knee action, but also an extreme active and powerful hind leg. The canter is just out of this world. So huge and big off the ground! The walk has a very big over track and just super impressive. Genetically, Metallic has been very much performance bred, by Metall who is by the Dutch black pearl in breeding Olympic Ferro, three times team silver winner including at the Sydney Olympics. Metall's dam is by the legendary G Ramiro who bred not only jumpers but international dressage horses.

## Bay FEI stallion 16.3hh 1996

Jive Magic has at long last become a full-blown Grand Prix stallion. His final hoorah in the small tour was the Sydney CDI in May last year where he won every class including the highest score for any horse in any class over the whole weekend! From there he ventured into his first Inter II class and won it. Rozzie was heartened by this, and he followed up with third in his first Grand Prix and 1st in the next. Entered his next Grand Prix and he won again! And do you know what? The general consensus is that Rozzie and Jive are going to be very difficult to keep out of the Australian team at the World Equestrian Games in the USA this year, especially after his performance at the Victorian Dressage Festival in December where he was 3rd to Victory Salute in the Grand Prix freestyle. Jive Magic has also shown great success with his youngstock. His first foal, Jeff the Chef, was sold at an early Auction of the Stars in Victoria for or \$10,000 plus gst and at 7yo with Silva Martin, he is the American National Advanced Champion. Karingal Anastasia (Tor van der Berg) was not only elementary champion but national medium champion at the 2008 Australian National Championships. Taylor Made Jackson (Jess Willard) was preliminary champion at the National Young Rider Championships 2009. Jive Magic has been a long time coming but here he is, a serious blue chip investment for his early backers. Progeny from Jive Magic are very much sought-after and most of the top riders in Australia have youngsters by either Jive Magic or Regardez Moi or better still, a mixture of both!

## Bay stallion 16.3hh 2002

Romance is a powerhorse young stallion with some incredibly exciting movement, just starting to hit his straps and recently performing at advanced level at Sydney CDI. By Australian international Grand Prix representative Regardez Moi, his dam line features the German stallion Lanthan (dec), who sired beautiful, elegant, modern warmbloods renowned for their temperaments and talent in both dressage and showjumping. Romance is winning championships at medium/advanced level dressage and is working with huge talent and enthusiasm through the Grand Prix movements. He has an even, regular walk and a mind-blowing trot that has always had Grand Prix written all over it. It is a delight to ride and indicates that like his dad he is going to have international standard piaffe and passage. The canter right from the day he was born had magical talent, and Romance loves to collect. Romance is a consummate show-off, a big friendly puppy dog, who loves licorice and scratches. At the same time he is a professional, always mentally alert, able to receive sophisticated information and react without stress. He loves to work and hates days off. Romance is a beautiful and obviously upstanding individual - closer analysis makes him incredibly exciting from a technical point of view and we feel that he is part of a dawning age of dressage in Australia. ## Dark Brown Stallion 170 cm 20/04/2005

Europe has a long and successful history of breeding specialised horses for the sport of dressage - but now we offer access to those prize genes with AEA Tuschinski, brought to Australia from Holland by leading breeder and trainer Dirk Dijkstra. AEA Tuschinski is named after his sire Tuschinski, outstanding son of the world-famous dressage stallion Krack C. Krack C is a GP stallion ridden to huge success by Olympic gold-medal winner Anky van Grunsven. Tuschinski is considered by many to be the best dressage progenitor in Europe. His foal report showed that he passes his flexibility, suppleness and presence on to his offspring, that they showed extra special self-carriage and a hindleg technique. AEA Tuschinski's dam is Paronia B by Gribaldi. Gribaldi is the sire of Tortilas, record-breaking with Edward Gal on 90.75%!!!! Gribaldi was 1995 champion of stallion selections and 1996 champion in his stallion performance test, winner of the 4yo stallion competition (1997) and reserve champion in the Pavo-Cup (4yo dressage horses). AEA Tuschinski's breeding - and his movement - is clearly phenomenal. AEA Tuschinski had his first two novice dressage starts where he won and scored over 67%!!!! The judges are honestly mesmerized by AEA Tuschinski - so will you be!

## Chestnut mare 10/10/06 PPT to Fiji R LFG

This is a stunning young state-of-the-art broodmare/riding horse specifically bred by Ryans to produce Olympic competition dressage horses. Ryans have a full sister, Jumping Janie R, already producing top-priced foals. Jive's Delight R has already produced a Regardez Moi filly, retained by Ryans, and is in foal to Fiji R, due October 2010. Jive's Delight is a full sister to Jingle Jangle, in work with Fiona McNaught and schooling the advanced work. Jive's Delight's brother, Jesse James, was bought by Australian international dressage rider Matthew Dowsley. Jive Magic, the sire, is blasting his way through the Grand Prix classes and is putting his hand up for the Australian team at the World Equestrian Games in the USA this year. Diamond Delight carries the Donnerhall and Pik Bube bloodlines through Don Ramiro. Snowshoes carries the Salute blood which is probably the most influential bloodline in Australia today when it comes to Grand Prix international dressage horses like Victory Salute (currently Australian Grand Prix Champion), Stirling Stilton and DP Christopher. Jive's Delight R would of course make the most sensational competition horse and is still very young and this is a very serious consideration after her Fiji R foal has been born. Her striking looks are combined with an off-the-ground trot, a ground-covering uphill canter, and a beautiful walk. She is an easy-to-handle youngster in all ways. Her dam, the Marscay-line thoroughbred mare Byalee Fair, was chosen for her sweet temperament and correct conformation and she has passed on both with the benefit of Byalee Briar’s renowned temperament that sees him one of the quietest stallions in the country, and his very correct movement that is just starting to expand into the sophisticated worlds of half steps and lengthening. “Becky” is a lovely filly worthy of any broodmare herd or competition barn.

## Bay gelding 28/12/07 16hh

This beautifully bred and elegant young gelding is by Royal Hit, a premium licensed imported Oldenburger stallion creating a dynasty of international quality horses in Australia. Royal Hit's conformation and character scored perfect 10s in his performance test in Germany and these "perfect" attributes are passed on! Royale's dam is Skansen Cloud 9 by Jet Set D, one of the most successful Dutch dressage stallions. Cloud 9 is an exceptional mare, with supermodel looks and extravagant movement. At the last Southern Highlands Auction of the Stars her two beautiful daughters sold in the highest price bracket. Falcon Royale has the most amazing movement – he floats with beautiful soft, elastic suspension. He also has a wonderful temperament, calm and kind, a perfect gentleman. Royale windsucks but this in no way affects his condition. For a buyer who can see past this, he represents the opportunity to buy a quality youngster at very probably a vastly reduced price. Check out [www.falconsporthorses.com.au](http://www.falconsporthorses.com.au) for more photographs and a short video clip is available there and at [www.auctionofthestars.com](http://www.auctionofthestars.com).

Jamaica is by Jive Magic, out of Be Mystical, a successful dressage horse and show hack until injury ended her competition career. Be Mystical is by Be Serious, sire of many successful dressage and competition horses. His sire, Reprieved, was the sire of Gamekeeper, a brilliant Grand Prix horse campaigned by Victoria Ferguson. Jamaica is one of the few fillies available by Jive Magic. She is wonderfully quiet, sensible, and trainable and as any discerning breeder knows, temperament is so important in a performance horse. She has a soft elastic way of travelling with lovely bend through the knee and hock. This filly has been a pleasure to do anything with. Jamaican offers dual potential to her purchaser to be either a top-of-the-line competition horse or a wonderful broodmare.

## Bay colt 07/11/09

Jaguar R is a full-brother to: Jamboree R (sold through AOS 2006 auction to outstanding young rider Robbie Soster); Jazzmatazz R (sold through AOS March 2009 to Grand Prix rider Caroline Wagner); and Jazz Magic R (sold through AOS August 2009 to Georgia Cailot, one of the Ryans' staff). All of these riders have selected these youngsters with a view to Grand Prix dressage and riding for their country. Jaguar R has Grand Prix written all over him being by Jive Magic who is already winning at Grand Prix and will be hard to keep off the Australian Team for WEG 2010. Jive Magic scored over 70% in the Grand Prix Freestyle at DWTS 2010 which historically makes him one of the few horses ever in Australian history to do so. On top of that, Jaguar R's mother is by Regardez Moi and Regardez Moi is also one of those very few Australian Grand Prix horses to score over 70%. Rumba R is a very special broodmare for the Ryans in that she is the only mare in the herd directly related to Duntroon. Duntroon was the sire of Heath's 2008 Beijing Olympic horse Greenoaks Dundee. Jaguar R is a waiting superstar and he is looking for somebody brave enough to partner him and chase the dream!

## Bay filly 19/12/09

Super breeding from both the sire and the dam are combined in this special filly, which really should be retained by our stud. AEA Majesty's sire, AEA Metallic, is known as the movement magician, with his powerful and extremely expressive action in not only the trot but also the canter. AEA Metallic is now on the Victorian A squad and was the highest-placed stallion in the Prix St Georges Cup at the recent Dressage with the Stars. AEA Majesty displays that same soft, floating movement, with lots of bend in the hocks, great knee action and a lot of swing in her paces. Her dam is the Dutch KWPN imported mare TP Norely, also the dam of the international jumping machine TP Gifted, campaigned by Chris Chugg and recently sold overseas for big dollars. Her rising three-year-old filly (by Indoctro) was sold for \$30,000, at auction barely broken in. TP Norely is by the world-famous jumping sire Voltaire out of a thoroughbred-cross mare by Mytens. Imported by Fred and Susie Hoevenaars, as a mare with great conformation and movement, TP Norely has proven to produce outstanding offspring and AEA Majesty is one of those. Rarely is it that such genetics are offered for sale.
