# Passion and Performance

This catalogue is by and large a collection of youngsters produced by the passion of a group of breeders, Dirk Dijkstra, Ann-Maree Cambridge and Heath Ryan, who are completely focused up on performance in the Olympic disciplines. These performance youngsters have been carefully produced with particular attention to the genetics, to dietary needs and parasite control. These performance youngsters are to this point painstakingly produced with a destiny possibility of Olympics. One of the ingredients necessary for these youngsters to go forward and achieve their potentials is an owner/rider who is prepared to invest enormous amounts of emotion from here on in, during the destiny journey. It doesn't matter how well we have produced these youngsters or how well they are genetically designed - until the passion of an owner becomes part of the mix they are nothing more than farm animals! Auction of the Stars is all about the search for suitable partners to link up with these youngsters that represent the vision of Dirk Dijkstra, Ann-Maree Cambridge and Heath Ryan. Unlike any other auction in Australia, most of the youngsters in this catalogue have been carefully designed by competition riders. To be a successful competition rider, we are very aware that genuine passion is a critical part of the ingredients. Nevertheless the saying that "the best riders are mounted on the best horses" is more true today than ever before. Once most riders have made a selection of a young horse, whether it is good, bad or indifferent, they will emotionally throw themselves at the partnership. We endorse this but make the observation that the most likely indicator of a superstar is genetics. There is some 30% inheritability of performance genetics. Also keep in mind that we promote the statistic that only 6% of the horse population carries the necessary talent to operate right at the top. Yes, there is the occasional freak, but in the main this 6% population is made up of young horses by stallions of super competition worth, out of mares of super competition worth. Should you, as a buyer, select a young horse with great conformation, a great temperament that moves well, but not consider the performances of the individual's parents, you are almost guaranteed a failure. You have almost the same chance of winning the lotto and I think all of us would feel very sorry for someone if they were relying on winning the lotto to enjoy life. Well, it's almost the same if you buy a horse without considering the genetics. Auction of the stars in Toowoomba does bring a whole catalogue of genetically engineered young horses who realistically have a very serious chance of performing at the Olympic levels. All they need is the passion of a dedicated rider.

From the directors,

*Heath Ryan and Ann-Maree Cambridge*

## Black Grand Prix stallion 16.3hh 1996

Regardez Moi had a huge year in 2009 – Australian Grand Prix Dressage Champion 2008-2009, he also represented Australia at the World Cup Dressage Finals in the USA at Las Vegas, the first of what we hope will be many Australian representative honours for Regardez Moi. 2010 is also expected to be a big year with the World Equestrian Games being conducted in the USA this time at Lexington, Kentucky. We hope to be there!

At home Regardez Moi has been having great success with his progeny. At our Queensland auction last year (Toowoomba August 15/16), the five Regardez Moi lots sold at an average of \$17,950.00!! This has to be some sort of Australian record. The Regardez Moi youngsters are showing great talent for piaffe and passage and are likely to find Grand Prix relatively easy. We promote the statistic that only 6% of the horse population has a vocabulary of movements that allows them to have the potential to do Grand Prix. We genuinely feel that in the very near future in Australia, the riders that have invested their time, money and soul into the Jive Magic youngsters and the Regardez Moi youngsters will pretty well dominate dressage in Australia. We also genuinely feel that Australia is about to challenge the world in the dressage discipline so getting involved with these stallions is just a smart thing to do. Regardez Moi was born for this. Live cover only.

## Palomino stallion 17.1hh 2004

Byalee Briar is an amazing opportunity to acquire a highly sought-after European pedigree - Bjorsells Briar 899 was for seven years the world's number one dressage breeding stallion! He is a legend, being an elite-listed stallion by the elite-listed Magini! On the dam line, Byalee Briar is out of a Bernstein mare. Bernstein is again an elite-listed Swedish warmblood stallion, sire of many approved stallions, and consistently producing Grand Prix horses. He was himself stallion of the year in dressage in Sweden in 2001. Together these bloodlines have produced Byalee Briar, who is just beginning to develop what will be an amazing competition trot and is just starting a glimpse of something truly special in the realms of piaffe and passage. He has inherited Briar's incredible uphill canter with strong shoulder and knee action, and shows that ever-essential correct walk. Byalee Briar is already winning annual championships at preliminary level, so quiet that he can be competed by teenaged pony clubbers in the EFA ranks, and his babies are friendly with great conformation and amazing movement. He jumps, plays polocrosse and rides out like a gelding, babysitting the young horses. Byalee is thrilled to be able to offer these special bloodlines live in the Southern Hemisphere. As a bonus, Byalee Briar is a palomino, with the colour dating back eight generations of Swedish warmbloods. Live cover only.

# AEA METALLIC

STANDING AT AEA BURONG, WOODEND, VIC

## Bay stallion 16.3hh 29/05/01

The legendary AEA Metallic has proven himself to be an inspiration for the dressage sport in Australia as a top class performer as well as siring some of the most outstanding moving foals ever bred in this country.

Since his arrival in October 2005 Metallic's performance has gone from strength to strength and he started Prix St George at just six. El lost a year of competition but nevertheless Metallic had wins at medium and advanced at the Westernport Championships in early March 2009. We are expecting him to do Grand Prix within a year because everything comes so easy to this super-talented stallion. An awesome mover with a powerful, elevated and cadenced trot, he not has only a front leg with that rare knee action, but also an extreme active and powerful hind leg. The canter is just out of this world. So huge and big off the ground! The walk has a very big over track and just super impressive. Genetically, Metallic has been very much performance bred, by Metall who is by the Dutch black pearl in breeding Olympic Ferro, three times team silver winner including at the Sydney Olympics. Metall's dam is by the legendary G Ramiro who bred not only jumpers but international dressage horses.

# Fiji R

LOT

Pic by Peter Stoop

## Dark brown stallion, mat 16.2hh 1/07/04

Until recently Fiji R has been pretty well kept under wraps and in his limited outings been ridden by a staff member, Breanna Tilitzki, in baby competitions. Nevertheless Brianna has posted scores of over 75% and simply swept the competition of all their first placings. Recently Fiji R has started training in all seriousness with Rozzie Ryan and he is training and looking amazing, so much so that a number of Australian Olympians have already elected to put their mares in foal to him. Foals by Fiji R are very elegant with exquisite head and necks and have paces that seem to defy gravity. Fiji R, like his offspring, is very very very quiet.

Fiji R is by Florencio who was the World Young Dressage Champion as a 5yo and then again as a 6yo. Florencio initially looked like being the number one stallion in the world, until he contracted EVA. This stopped Florencio from breeding duties and so we feel particularly fortunate as Fiji R was one of his first foals. Florencio is by Florestan I who has evolved into one of the top influencing dressage lines in the world.

## Bay stallion 16.3hh 2002

Romance is a powerhorse young stallion with some incredibly exciting movement, just starting to hit his straps and recently performing at advanced level at Sydney CDI. By Australian international Grand Prix representative Regardez Moi, his dam line features the German stallion Lanthan (dec), who sired beautiful, elegant, modern warmbloods renowned for their temperaments and talent in both dressage and showjumping. Romance is winning championships at medium/advanced level dressage and is working with huge talent and enthusiasm through the Grand Prix movements. He has an even, regular walk and a mind-blowing trot that has always had Grand Prix written all over it. It is a delight to ride and indicates that like his dad he is going to have international standard piaffe and passage. The canter right from the day he was born had magical talent, and Romance loves to collect. Romance is a consummate show-off, a big friendly puppy dog, who loves licorice and scratches. At the same time he is a professional, always mentally alert, able to receive sophisticated information and react without stress. He loves to work and hates days off. Romance is a beautiful and obviously upstanding individual - closer analysis makes him incredibly exciting from a technical point of view and we feel that he is part of a dawning age of dressage in Australia. # AEA Tuschinski

STANDING AT AEA BURONG, WOODEND, VIC

## Dark Brown Stallion 170 cm 20/04/2005

Europe has a long and successful history of breeding specialised horses for the sport of dressage - but now we offer access to those prize genes with AEA Tuschinski, brought to Australia from Holland by leading breeder and trainer Dirk Dijkstra. AEA Tuschinski is named after his sire Tuschinski, outstanding son of the world-famous dressage stallion Krack C. Krack C is a GP stallion ridden to huge success by Olympic gold-medal winner Anky van Grunsven. Tuschinski is considered by many to be the best dressage progenitor in Europe. His foal report showed that he passes his flexibility, suppleness and presence on to his offspring, that they showed extra special self-carriage and a hindleg technique. AEA Tuschinski's dam is Paronia B by Gribaldi. Gribaldi is the sire of Tortilas, record-breaking with Edward Gal on 90.75%!!!! Gribaldi was 1995 champion of stallion selections and 1996 champion in his stallion performance test, winner of the 4yo stallion competition (1997) and reserve champion in the Pavo-Cup (4yo dressage horses). AEA Tuschinski's breeding - and his movement - is clearly phenomenal. AEA Tuschinski had his first two novice dressage starts where he won and scored over 67%!!!! The judges are honestly mesmerized by AEA Tuschinski - so will you be!

# Jigsaw R

ON ACCOUNT OF DEIDRE KINGHORN

Pic by Peter Stoop

## Bay gelding (white splash) 9/11/07

Jigsaw R is a very unusual presentation for lots of reasons. He does have:

1. A fantastic pedigree being by Jive Magic who is showing all the signs of becoming Australia's number one dressage horse and a very likely candidate for the World Equestrian Games team later this year. Jigsaw R is out of Billy R who is a full sister to Grand Prix winner Centaur who was ridden by Ann Serrao.

2. Jigsaw R is already broken-in. He will be shown free but is very quiet under saddle, already accepts the bit nicely and is just on his way to being a sensational riding horse.

3. Jigsaw R does have some lovely paces and also a lovely disposition, which is very gentle.

4. Jigsaw R does have the most amazing colour splash of white, which is so Dutch and so difficult to explain. He also has four white stockings going up to the knees and hocks.

This is a beautiful, beautiful individual who is already training under saddle and just goes better and better everyday. He is very unusual.

Metallic has started his dressage career under Dirk Dijkstra and has wins and placings up to and including Prix St George. Metallic goes back to Ferro who is called the Black Pearl in the Dutch breeding program and Ferro himself was also a Grand Prix dressage horse and competed at the Sydney 2000 Olympics. On Meteor R's dam side is Regardez Moi who was the 2008-2009 Australian Grand Prix Champion and who represented Australia at the World Cup Dressage Finals in Las Vegas USA in 2009. Misty Morning is by the Grand Prix dressage stallion Richmeed Medallion and Diamond Delight goes back to the Olympic Gold Medallist Donnerhall through her sire Don Ramiro. The pedigree for Meteor R is star-studded and as far as we know this may be the only Metallic/ Regardez Moi-cross colt in the country. Meteor R is like his dad in that he is quite leggy and also is a fancy mover. Meteor R does have great balance and really carries himself up in front, especially once he is in action. Meteor R is an athlete with real charisma.

## Chestnut Filly 28/9/09

Pianola R is a very unusual presentation and represents a product from a rarely seen, hidden herd of mares. These youngsters are eventers and are produced by Heath Ryan, for Heath Ryan, and until recently have had little or no commercial worth. Promise R is an amazing mix of Olympic dressage bloodlines in Silvano N who competed in the Grand Prix dressage at the Sydney 2000 Olympics for Holland, and Flemming, sire of Lingham with Edward Gal and Krack C with Anky van Grunsven. Both Silvano and Flemming, however, are pure jumping bred and so although Promise R (Pianola R's father) at first glance is a dressage stallion, he does jump like a stag with great technique, agility and watchfulness. Song R (Pianola R's mother) is by Sanction, who sired Flame, who with Heath Ryan won most major three-day events in Australia including Adelaide 4-star. Pianola R has an older full sister, Peaches R, retained at Ryans with a view to competing at 4-star level eventing. Pianola R is particularly hairy in the photo but will grow into a beautiful type. She does have great movement, is especially quiet and we feel without a doubt will jump like a stag. Funnily enough Heath's private little broodmare herd has started to become valuable and the purpose-bred eventer is the way of the future.

## Bay colt 14/10/09

Tenacious is one of the first foals by the already well-known AEA Tuschinski. Tuschinski carries serious dressage bloodlines from Krack C and Flemming. His dam lines carries Gribaldi, sire of the world record-breaking Moorlands Totilas. In Tuschinski's pedigree in both sire and dam lines, a majority of the dams have acquired significant recognition within the Dutch KWPN stud book. Tenacious' dam is by Dutchman, who is a producer of many dressage horses including Grand Prix dressage gelding WS Nevada with Caroline Wagner, international three-star event winner Mr Dumbeldore with William Fox-Pitt, and World Cup showjumpers AEA Dutch Lorel and the stallion Dutch Choice. As you can see, the breeding and movement of this youngster is extraordinary. Tenacious has the ability to take you to the top.

# Be Mystical

ON ACCOUNT OF RYANS

Pic by Peter Stoop

## Brown mare 1996 PPT Regardez Moi LFG

Be Mystical must be one of the few representatives available today of the Australian sensation Reprived. Reprived was a thoroughbred stallion stood by the Barnes family in Victoria. The Barnes family was instrumental in the beginnings of the EFA and it seemed only natural that Reprived produced two Grand Prix dressage sensations in Gamekeeper, ridden by Victoria Ferguson, and Old Pardon ridden by Olympian Mary Hanna. Today, knowing what we know, we realise that Reprived was a very special stallion and his bloodlines should have been more carefully preserved as very few horses (perhaps less than 6%) are capable of passing on genetics which are compatible with training and performing the Grand prix movements. Be Mystical is a lovely big roomy mare with an impressive length of rein. She is the mother of Whiskey Road Jamaica who is by Jive Magic and is also in this auction. Be Mystical is currently in foal to Regardez Moi (due 26/12/10). This would make for a memorable Christmas. Regardez Moi was the Australian Grand Prix Dressage Champion 2008-2009 and represented Australia at the World Cup Dressage Finals in the USA last year. This is a unique blend of performance bloodlines.
