

J'shanti R

ON ACCOUNT OF RYANS

LOT 1

Pic: PeterStoop@exemail.com.au

Bay filly 29/12/10

J'shanti R is special in that she is the first foal from the young broodmare Ricochet R. There are a couple of youngsters in this auction from young Ryans broodmares, which represent a new dawning of the coming together of exciting genetics. Ricochet R is by the two-time Australian Grand Prix dressage champion Regardez Moi. Ricochet R is out of Wham R. Wham R being by one of the most famous and popular dressage stallions in the world Weltmeyer. Wham R is out of Marge R, the most magnificent mare, who is in turn by the Grand Prix dressage stallion Richmeed Medallion. (See write-up on Lot 8 Freedom R). The whole broodmare line as described in the Freedom R write-up is statuesque and can only be described as simply spectacular. Simply spectacular is also a great way to describe J'shanti R. As can be seen in the photograph, the topline on this filly is faultless. She has the kindest head set onto an arching neck with a beautiful length of rein. The neck is gloriously set onto the shoulders, which fold back through a short back and onto powerful hindquarters. As the photo clearly depicts, J'shanti is in complete defiance of gravity with wonderful freedom and bend of the shoulder and the hocks. J'shanti effortlessly erupts across the arena with powerhouse expressiveness. Without a doubt we feel this is an Olympic superstar.

Bay gelding 9/12/08 mat 16.1hh

Byalee Be True is that rare creature, a dead-quiet, couldn't care less if you ride him every day temperament combined with a stunningly bred international dressage pedigree with international jumping bloodlines. And then there is his wonderful movement, laidback attitude and amazing markings. It quite simply is as good as it gets! "Charlie" is by the successful imported palomino warmblood stallion Byalee Briar (by the legendary international Grand Prix dressage stallion, Bjorsells Briar 899). Dam Marybelle was training medium dressage before injury and is by Grand Prix stallion Richmeed Medallion (dec), who has many Grand Prix sires again dotting his pedigree (Jennie Loriston-Clarke, UK). On the bottom line is yet another strength, that of the imported Dutch stallion Salute, who sired Grand Prix horses like GV Stirling Stilton and Victory Salute, Rhythmic and DP Christopher, not to mention 3* eventers and international showjumpers. Snowshoes herself was a B-grade showjumper with Vicki Roycroft. Kids can handle and ride Charlie, he is already out competing successfully without batting an eyelid, he's dead quiet trailriding, doesn't need a pro, an absolute dream. Easy as it gets!

AEA Tangelo has undoubtedly inherited his father's incredible movement and presence. At home he is known as 'Ted' because he has so much personality - like our 3yo son Ted! Fireworks R

ON ACCOUNT OF RYANS

LOT 4

Pic: PeterStoop@exemail.com.au

Black colt 26/9/10

Fireworks R is a spectacularly bred young colt. The photo above is extremely disappointing, however it is all we have and so hopefully it is better than nothing. Fireworks R is really, really quiet, also really sensible -so much so that he is quite difficult to excite to a point where he is inclined to show off his paces. Fireworks R has amazing paces, quite extraordinary with amazing high knee front leg action, really good hind leg action and a wonderful uphill way of carrying himself. It is a really Dutch way of going, although he has inherited the Florestan I bombproof temperament. This would be the first time we have experienced such a laidback character with such "out there" paces! Fireworks R is by Fiji R who is having enormous success at medium level dressage ridden by young rider Breanna Tillitzki. Breanna will be riding Fiji R at the auction in the stallion display on Saturday and the masterclass on Sunday. Interestingly, on the dam's side the Regardez Moi mare Regalia R was offered for sale as a weanling many years ago at the AOS auction in Victoria. Regalia R did surprise everybody in the auction with unexpectedly sensational movement. So much so that I (Heath Ryan) bid on her way past her reserve and bought her back. Who knows where Fireworks R's movement has come from, there are plenty of amazing genetics there but the thing is who cares, here is a freak mover.

Smack the Pony

ON ACCOUNT OF JUDITH O'NEILL

LOT 5

Pic: Derek O'Leary

Grey gelding 2000 13.3hh

Smack is without doubt one of the most amazing ponies anywhere in the world. He is for sale simply because his 17yo owner/rider Katie Ryman has outgrown him. Katie got Smack when she was 9 years of age and Smack was 3 years of age. Together they have been on an incredible journey, and today Smack has arguably the best flying changes of any horse anywhere in the world. Smack is currently working on his flying changes every stride however flying changes every second stride, every third stride and every fourth stride are expressive and easy. All trained by Katie. Smack has really good shoulder in and half-pass in both trot and canter. Smack has a great extended trot. Smack has a canter pirouette that would make most Olympic horses green with envy. Smack has a passage that is so expressive that again it is nearly impossible to believe. All of this trained by Katie. Piaffe is still a work in progress, and may never be as expressive as the passage, but it will be good enough. Smack has already competed at Prix St Georges and Inter I and Inter II. Smack is a very special pony, looking for a very special home.

Pic: Byalee Hoofprints

Grey filly 06/10/09

Byalee Bliss is quite simply a most amazing Briar baby – oil painting good looks and some truly incredible movement that just doesn't touch the ground – hardly surprising given her outstanding genetics! Bliss is by the beautiful palomino warmblood stallion Byalee Briar, who is by Bjorsells Briar, the world's number one dressage stallion for seven fantastic international years of Olympic and World Cup success until his recent retirement. Both Briar and the dam sire, Bernstein, are elite-listed Swedish stallions, along with Briar's sire Magini. Not bad! And then there is the dam - Magnolia is by Grand Prix stallion, Richmeed Medallion (imp, dec), campaigned by Ann-Maree Cambridge, and she is out of the Jazz mare Byalee Jazzmine – Jazz being an Olympic representative as well and the sire of Auction of the Stars' own jive Magic! This is the type of filly that Byalee Stable should keep for its own broodmare herd – but we are spoilt by having had four full sisters in a row, allowing us to give someone else the opportunity to own this beautiful combination of bloodlines. A pretty head, an inquisitive, amenable personality, this filly has it all!

Niscinda Mr President

ON ACCOUNT OF BRIANNA McCOLL

LOT 12

Pic: PeterStoop@exemail.com.au

Palomino gelding 25/10/92 13.3hh

This pony is every young rider's dream. George was bought for a 12yo girl six years ago as a dressage pony. He has given her the experience and confidence that has taken them both to numerous club and state championship titles, rarely placing outside the top three, the most recent success being Alexander Park Dressage Club Elementary Pony Champion 2011. Although bought as a dressage pony, he had previously been successful in three-day eventing. This pony is recognized everywhere he goes with his stunning golden coat, four white socks, beautiful white blaze and breathtaking tail. George is a dream to catch, float, shoe and is an absolute pleasure to have around thanks to his unique personality and mannerisms. An awesome mover with a powerful, elevated and explosive trot, he not only has a front leg with that rare knee action, but also an extreme active and powerful hind leg when he opens right up. You can clearly see this in his photo. He has a correct walk with a great overtrack and a lovely canter. George has well-established walk pirouettes, shoulder in, travers, renvers, simple changes and is well under way working towards higher movements. This pony is really genuine with plenty of miles left to bring on another young rider who might potentially be a serious rider for Australia. Just like every other working pony, he cannot be left out in a green pasture for too long. This long and special partnership between horse and rider sadly is being broken apart due to education and work commitments.

LOT 13

Pic: PeterStoop@exemail.com.au

Chestnut stallion 14/12/2005 16.2hh

Promise R is the opportunity of a lifetime. This is a sensational young stallion who has picture perfect conformation, a super temperament, is currently schooling piaffe, flying changes, canter and walk pirouettes, and is going beautifully under saddle. What's more, Promise R has the most magnificent bloodlines. Prestige started life with Edward Gal in Holland, was sold to New Zealand and then sold to Australia with a view to the new owners trying to get picked on the 2012 Olympic Team for Australia. Prestige is by Silvano N who for years and years was the cornerstone of the Dutch dressage team. Silvano N's rider was Ellen Bontje and they competed at the Sydney 2000 Olympics. On Promise R's dams side you can see Flemming, who was responsible for some amazing Grand Prix dressage horses including Ligh (ridden by Edward Gal), Krack C (ridden by Anky van Grunsven), Feur (ridden by Maurice Bruce for Australia). This is probably the first time that the Silvano N blood and the Flemming blood have ever come together. The result is a very careful and powerful jumper, a very talented dressage horse, a proven spectacular sire and a very beautiful young stallion. Promise R is a potential Olympic ride as well as a very commercial stallion at stud proposition.

Pic: PeterStoop@exemail.com.au

Black/brown 5/12/2004 16.2hh

DS Jitterbug (Bugs) is a powerfully built Jive Magic youngster who just oozes charisma. Most of his training has been done by his owner Lisa Joyce. Lisa purchased Bugs in June 2009 as a 4yo and over the next 3 years Bugs has become confident in shoulder-in, half-pass, canter pirouettes and single flying changes. Bugs has also started piaffe in hand. Training with Bugs has progressed steadily under Lisa's guidance, however, Bugs has not ever been campaigned seriously as a competition horse. He has nevertheless had a couple of baby outings where he scored over 60%. Bugs has a very sweet nature, however he is a little shy with somebody he doesn't know. Once he gets to know somebody he just loves carrots and sugar and attention and especially grooming. Bugs is very comfortable in a snaffle or a double bridle and is particularly sound having not ever had any time off work due to lameness or other veterinary issues. Bugs is beautifully bred, for sale through no fault of his own and has had extensive schooling, which makes him ready to go into competition right now.
