## A MESSAGE FROM HEATH

# Always Full of Surprises

Just when you think you know what the Auction of the Stars (AOS) will present, here we come with bigger and better: 50 lots including eight stallion service fees will go under the hammer on December 20, 2015.

Leading the charge is the 7yr old buckskin gelding Byalee Breathless standing at 17.1hh, by Byalee Briar. This is the most beautiful gelding, who is naturally one of the softest and most supple horses I have ever ridden. He is a beautiful type with whopping extensions, stunning half pass, the sweetest flying changes and the promise of wonderful piaffe and passage. Recently he had his first medium start with Dimity Lourey in the saddle and he was a winner. Don't we like winners! My feeling is this horse will win all the way up to and including Grand Prix.

From overseas comes the imported stallion Desert Storm. Stormy is unusual in lots of ways. He stands just 15.2hh and yet comes from just the best dressage bloodlines in the world. His sire, Doctor Doolittle, is by Donnerhall. The dam of Doctor Doolittle is by Lauries Crusader. The dam of Desert Storm is by Furst Heinrich and the dam of Stormy's dam is by Rubinstein. Is there a stallion in Australia who can boast better dressage bloodlines than that? Unexpectedly, Stormy is a spectacular jumper and has won and placed up to and including 1.15m showjumping classes. Unexpectedly, Stormy is a very talented eventer and has won four preliminary classes, which is the 95cm class. Has there ever been a stallion in Australia who is so well bred and so talented and winning in all three Olympic disciplines? Desert Storm was born on May 22, 2008. He is ready to go now. He needs somebody who is prepared to go to the coal face.

Juanita R is a 5yo mare with turbo-charged movement. This mare has a huge engine and defies gravity without effort. Sensationally bred by Jive Magic out of a Regardez Moi mare, Juanita R has a Live Foal Guarantee (LFG) to the baby superstar stallion Questing R. What a package!

Fudge R is a chestnut colt born on the 11/11/11 by Fiji R. On the dam side is Jive Magic, Weltmeyer, Richmeed Medallion and May Sheriff and Dutch Gold. This is a young 4yo just broken and going beautifully with a marvellous temperament and the whole world in front of him.

And of course there are the service fees which do go for sometimes half price. The service fees do come with all the bells and whistles of a full-price purchase and they are just great buying.

Finally, it is the weekend before Christmas and all through the auction there are displays and master classes and barbecues and drinks and everyone is welcome. It is a great weekend and I hope to see you there.

Cheers,

*Heath*

## A MESSAGE FROM ANN-MAREE

# Your life begins now

Time is infinite, right? Our lives are not.

And so, as my mother delighted in saying, never put off till tomorrow what you can do today.

A new pupil arrived at Byalee last year after 17 years out of the saddle. At the age of 64, and after a lot of thought, she decided that the career-ending injury that landed her in a wheelchair for six months should NOT be a valid reason for her to give up on her dreams.

And so she made her way slowly but surely back into the equestrian world, from school horses lessons to an old dependable schoolmaster, to an elementary horse of her own and finally, taking the plunge, to a real live serious competition horse.

She changed a lot of things in her life. She made an effort. She changed her financial arrangements because, being in her 60s, she recognised that if she didn't make a real effort, time would beat her to her dream.

Don't be one of those people who don't push evolution. If you don't push evolution, the sad reality is that you'll be dead before you achieve your dream. And that's where Auction of the Stars comes in.

You can plot your path on whatever curveball you wish, but it has to start somewhere. Procrastinating won't get you to where you want to be. At the risk of adding yet another cliché, doing the same things gets the same results. If you want different results, you need to do something different, perhaps with something different. And perhaps that something is right here, at our Christmas sale.

One of my favourite quotes is from Richard Branson. 'If someone offers you a great opportunity and you're not sure you can do it, say yes – then learn how to do it later.' Auction of the Stars has a whole catalogue of those great opportunities and there's really no excuse, because even if timing is an issue, we've got the lot, from ready-to-go competition winners in all the disciplines all the way down to the slower lane option, with service fees that allow you time to psych yourself up and set up those essential support networks.

Life is short. Do it.

Happy riding!

**Ann-Maree**

# RIDDEN HORSE TRIALLING

This is one of the outstanding opportunities offered through the AOS selling program. We would encourage all riders who are slightly interested in the ridden horses to pluck up the courage to trial these horses in the official trialling times. Of course you are very welcome to trial these horses by prior arrangement in the weeks preceding the auction. Most people do suffer from the thought of riding in front of a crowd on the official trialling day. Our take on this is that if you are too embarrassed to look out for your own interests, then certainly nobody else will. Also, if you have dreams and ambitions, secret or otherwise, and being embarrassed is the biggest obstacle you have to overcome, then really life is not too bad. Realistically you will have to overcome much bigger obstacles than just being self-conscious or embarrassed. Get out there, trial these horses and take advantage of a great opportunity.

At the auction you do have the unique advantage of comparing one horse against the other. This comparison opportunity is exactly what happens in competition, one horse immediately compared against another, a phenomena which is very difficult to replicate when buying a horse privately. Riding is a passion discipline and in most instances when buying privately a prospective purchaser falls in love with a horse and buys it. In the auction situation, a prospective purchaser is much more likely to weigh up the pros and cons of each horse on a comparative basis. Of course, falling in love with the horse is a critical ingredient for success but we at the AOS would encourage you firstly to select your next horse on an intellectual level, then follow your heart and fall in love with the horse. We all know of people that have bought horses that didn't turn out to be everything they had hoped for but nevertheless, love the horse and persevere even when it is clear they should sell and start again. Treat the auction trialling as a day at the office.

We encourage everyone to trial each horse that goes close to falling into their wish list category. Keep in mind that sometimes a horse that reads and looks mediocre in the catalogue actually turns out to be lots better in real life than you had expected. Conversely, some horses will catch your imagination in the catalogue, and then be disappointing in real life. Once you ride more than two horses you will lose track of details on each horse so we encourage you to write notes on each horse immediately after trialling them. Also, watching a horse being trialled by other riders is a great way of assessing honesty and rideability.

The first official trialling is at 12noon on Saturday and we would encourage all interested parties to take advantage of this Saturday trialling. This does give you as the potential buyer the opportunity to have another ride the next day Sunday, at 7am. This also gives you enough time to research the horses and talk to the owners.

The basic format of trialling is that two or three horses come into the arena and are shown off for the first five minutes by their vendors, basically warming up and just gently running through the horse's routine. Then people wishing to have a little sit are invited to come forward. Prospective buyers organise to trial a horse by approaching the AOS representative, who takes a list of names so as to keep the trialling ordered, and also signing the appropriate waivers. Each trialling is tailored to each rider's individual needs, keeping in mind that the first and foremost priority is safety, and of course the well-being of the horse. It is a very hectic schedule with two sessions of public trialling plus the auction, all in two days, so horse welfare is a major consideration. We are of course very aware of also servicing the riders' needs.

**Good luck, and if you have any questions please feel free to contact Heath Ryan on 0417 656 636 or email [info@auctionofthestars.com](mailto:info@auctionofthestars.com)**

## Black stallion 1996 16.3hh

Regardez Moi is the most winning Grand Prix dressage stallion in Australian history with more than 40 Grand Prix wins, and similar record wins in the Grand Prix special and freestyles. He has been Australian Grand Prix Champion no less than three times!. There is nothing he hasn't done: Grand Prix champion at Equitana for three consecutive years, winning the Grand Prix Special at Australia's CDI and the Grand Prix Freestyle by more than 4 % last year, representing Australia at the 2009 World Cup Final in Las Vegas. Regardez Moi has sired many outstanding competition youngsters including Utopia Cardinal, now placing and even surpassing his sire on occasion at Grand Prix. Other offspring are winning at PSG and Intermediate I levels. Weanlings by Regardez Moi have also been outstanding successes in the auction arena, averaging as much as \$17,000 in past auctions. We firmly believe that Regardez Moi offspring will make a great contribution to Australia performing brilliantly at the Olympic Games in the near future. Live cover only.

## Palomino stallion 2004 17.2hh

AOS goes to great lengths to ensure that we have the stallions with the best Grand Prix genetics in the world - this is one of them, and Byalee Briar is the only stallion in Australia by Bjorsells Briar 899 who is shaping up to be competitive and startlingly spectacular. Briar has had a quiet beginning to his career, but Ann-Maree has never given up on her vision and his schooling is now allowing those genetics and underlying talents to come to fruition. This is what we advocate, that those genetics give us what no one else has! Briar is showing signs of realising his promise and is responding positively to schooling in piaffe, passage, tempi changes and pirouettes. He is now finding new gears that make him very exciting! He is completely focused on a pathway to Grand Prix, but having said that, the information we are getting back is that he is also throwing serious jumping talent, which is just a bonus. Bjorsells Briar 899 (elitelisted stallion) was for seven years the world's number one dressage breeding stallion. However, he actually scored higher for jumping than dressage at his stallion testing, as did Briar's dam sire, Bernstein, another elite-listed Swedish warmblood. Briar has an advanced level qualifying average of more than 65% and we look forward to even better to come. Briar is renowned for his amazingly calm temperament and buyers are enthusiastic about his youngstock, which inherit his statuesque conformation and athletic ability. Live cover only.

## Bay stallion 16.3hh 1996

Unfortunately Jive Magic was injured and so did not continue his campaign as a top Grand Prix competition horse. He did, however, earn a reputation of being the most powerful Grand Prix horse in Australia. Jive Magic won some of the biggest Grand Prix competitions on the circuit, including the prestigious Sydney CDI. As a sire, Jive Magic is experiencing huge success. His very first foal went Grand Prix and is called Jeff the Chef. Jeff the Chef is campaigning in the USA, while in Australia, Johnny Depp moved into the Grand Prix arena when just 7yo, with outstanding success at the age of 8. At State and national championships and in young rider classes, as well as in young horse classes, Jive's offspring have been winning championships, while Rozzie Ryan is campaigning champion small tour horse Jarrah R. Just Dance (Katina Smith) has recently chalked up his first wins at PSG and Inter I, while Jazzki won the 5yo young horse class at Dressage with the Stars 2013. Youngstock by Jive Magic are inclined to have very fancy movement.

## Black stallion 2004 16.2hh

Markus V is a stunning, black, modern purebred Friesian stallion who has brought unique bloodlines to Australia. His sire, Fabe 348, produces talented, well-conformed offspring with Grand Prix progeny already competing in Europe. Markus V offers the masses of mane, tail and feathers of a true Friesian along with the agility and talent of a warmblood. He is a registered Foalbook Stallion with the KFPS (Royal Friesian Horse Society), was awarded Star and Sport Predicates by the Society, and received a score of 80 in the ridden test at the recent 2015 NSW Friesian Inspection with Emma Bishop in the saddle. Markus V has been taken on by young rider Bryce Russell, who imported Markus with his father, Michael. Markus, an already advanced dressage horse, has been able to carry Bryce up the grades in dressage and has begun schooling fantastic piaffe and changes, something completely new to Bryce, but with Markus' kind, willing temperament and amazing rideability, he has picked up the more advanced movements very quickly. He is very easy to handle and doesn't have a mean bone in his body. This stallion is very exciting as a new addition to Australia's gene pool and his talent in the dressage arena, watch this space for his first foals to be born next year.

## Chestnut stallion 26/9/11 17hh

Questing R is a fascinating addition to the Ryans' stallion band. He was bred by Michelle and Judith Buckley from Hunterveiw Stud, Sccone and is by Quarterback, who carries the QuandoQuando bloodline. Quando Quando represented Australia in 2006 at the WEG in Aachen, Germany, and at the 2008 Olympic Games in Hong Kong. Quando has the most amazing temperament and this has found its way all the way down to Questing R. Quarterback, the sire of Questing R, was the Bundeschampion 3yr old riding horse. He scored a 10 for his rideability. On Quarterback's dam line is Poesie who is by Brentano II. Poesie is the mother of Poetin who won the Bundeschampion as a 3yo, 5yo and 6yo. Poetin sold €.5million! Questing R's dam is by Brentano II out of a Wenzel mare. Brentano II is famous for producing international Grand Prix dressage horses including Brentina, winner of the World Cup Final in 2003 at Goteborg, Sweden. Right down the bottom of Questing R's pedigree is Stirling Desire, with Donnerhall, Pik Bube and Salute bloodlines. Questing R has extreme big loose paces with promise of extravagant expression. Questing R has started his competition career with a whopping 83%, winning his first test ever. The first foals to Questing R are just hitting the ground now and are sensational. ## Black stallion 1/7/2004 16.2hh

Fiji R is an exciting young imported stallion campaigned and trained by young rider Breanna Tilitzki. Breanna has had great success with Fiji R, winning with scores over 75%. These scores have been posted at major competitions including Sydney competitions. Fiji R has now started competing at Prix St Georges and Intermediate I levels. Fiji R has the quietest of temperaments and often will be found at Young Rider competitions with just Breanna and her Mum as rider and guardian. This temperament Fiji R passes on to his foals. Fiji R has quite remarkable paces with a very distinctive walk. Trot is fully suspended with a definite ballerina poise between beats. Canter is beautifully balanced and uphill with super easy flying changes. Fiji R is sensational bred with his sire Florencio being both the 5yo and again the 6yo World Champion young dressage horse. Florencio I is by Florestan I who has emerged as one of the recent very important dressage lines in Germany and who has a number of Olympic offspring to his credit already. On the dam line is a mix of Trakehner through the very famous Hohenstein and thoroughbred through the Hill Hawke line. The Hill Hawke line has become famous as a dam line by also being the dam line of the Welt Hit line. Many of the top Australian riders have a Fiji R youngster growing out in their backyard for the future including riders such as Rachael Sanna.

Wow is a stunning little stallion, winning official elementary dressage on more than 70%, medium level on more than 67%, and training tempi changes and piaffe. Wow is being campaigned by Dimity Lourey, and like mother like daughter, she is completely focused on training him to Grand Prix level. This will be the first horse that Dimity has trained herself to that level, but we have every confidence in Wow. He is a stallion with a great temperament, naturally sound and although few people make this journey to Grand Prix with success, watch this spot! Dimity is going to be one of them and the AOS stallions do have an unbelievable history of going all the way to Grand Prix. You would have to think that when AOS suggests a stallion is going to go all the way, history says you have to sit up and take notice. It's all in the genetics – AOS was way ahead of our time when we ensured that we bought in the best bred stallions. Wow is by Wie Weltmeyer, a top showjumper and Grand Prix dressage horse before his international dressage career with Emma Hindle (UK). He is out of the impeccably bred TB mare Law Suit, who descends from the highly sought-after bloodlines of Son In Law, Blue Peter, Precipitation and Vain to name but a few.

## Dark brown stallion 22/11/08 16.2hh

Constable is by the sensational eventing stallion Contenda who until recently was being ridden by Shane Rose at two-star eventing level. Contenda is battling an injury and may well have to retire but there are some absolutely sensational photos of Shane and Contenda jumping on the net. Contenda carries the fantastic jumping blood of Contender from Germany. Contenda also carries the TB blood of Bolero. Indeed the Bolero bloodline in Germany is today considered a dynasty. On the dam line are equally impressive bloodlines. Constable is out of the mare Wimborne Paint it Black who in turn is by Gribaldi. Gribaldi is famous for siring many of the Dutch Grand Prix dressage horses including Totilas. Totilas is considered by many to be the best dressage horse the world has ever seen to date. Totilas sold to Germany for a rumoured A\$22million. Constable has started his eventing career with Heath Ryan in the saddle and is now a year into competition. Constable has been a standout success winning most of his starts and progressing rapidly to 1\* eventing, the equivalent of Prix St George in dressage. Constable wins the dressage, is very brave and honest cross country and does seem to have the most awesome ability to jump and simultaneously be super careful. It is still early days, however, Constable is giving off all the signs of being an Olympic horse. Very exciting.

## Bay filly 25/08/13 15.3hh

Jongkind is a smaller-packaged warmblood, but very strong and full of potential. She has been sired by SLH Alexandre, a local Australian warmblood with both Aachimedes and Valuta in his bloodlines. Aachimedes is well-known for throwing an exceptional temperament, and has been described as being 'the most successful sire of dressage horses in Australia today'. Valuta was imported to Australia by Mary Hanna and Gert Donvig, and was campaigned at Grand Prix. On the dam line we have Contenda and Weltmeyer (through Wenckstern). Contenda is a well-known eventing stallion campaigned by Shane Rose. Weltmeyer has been an extremely well-known sire of dressage horses throughout the world. As of today, Weltmeyer has produced 70 licensed sons, all of them excellent stallions. A study of the pedigree of many internationally prominent dressage horses reveals that many are either by sons of Weltmeyer or out of his daughters. So this little filly has plenty of dressage genetic credentials.

## Buckskin gelding 3/10/08 17.1hh

Byalee Breathless justifies his name and must surely take your breath away. The horse is naturally soft and supple beyond what is normal ... he is capable of being ridden by riders who are not lucky enough to have advanced riding skills, however, he is a horse that is particularly exciting for a rider with top-of-the-range skills because he can - and does - respond brilliantly with great expression. He shows sensational extensions, is showing signs of wonderful, wonderful flying changes, he is good in all the two-track work while the canter pirouettes and piaffe do look to be extraordinarily gifted. At his first medium competition Breathless won both tests and was champion medium horse. He is by Byalee Briar (imp), by the world's top Grand Prix dressage stallion for seven years, Bjorsells Briar 899. His dam is Byalee Miracle, a full sister to Grand Prix champion Byalee Magic, sold for some \$300,000. Miracle is by Grand Prix stallion Richmeed Medallion (imp) out of Stirling Savannah (Salute/ Ludendorf/ Monopol, all imported). Breathless is genuine in all ways and we already know that we will be regretting selling him; we do however have the sire and dam! Breathless has the potential to be a truly international horse with an amazing future ahead of him.

Danure's sire is Southern Cross Regor, by Rozzie Ryan's wonderfully successful Grand Prix dressage stallion Jive Magic. His dam is Southern Cross Carina, with the imported genetics of Valuta, Ludendorf and Domherr. Carina is also the dam of Southern Cross Nova, a qualified three-star eventer. Heath thinks Nova is one of the most talented eventers he has worked with. Southern Cross Eclipse's sire is Earl (imp frozen semen). Earl at the 2002 Performance test in Adelheidsdorf had an overall score of 143.93 putting him in 1st place, his dressage score was 139.93 (2nd) and his jumping score was 127.55, 3rd place. These scores, his excellent conformation and rideability make him an ideal sire for our modern performance horses. Earl is also homozygous for the black gene and this is reflected in Danure's colour. Southern Cross Danure is a black/brown colt with a star and two hind socks. He should mature to be in excess of 16hh. He has an expressive trot, a true three-beat uphill canter and a large overtrack in the walk. Southern Cross Danure has a superb pedigree as well as the looks, the movement, the trainability to become a superstar of the future.

**Bay gelding 26/10/2012 mature 16.2hh**

Jayhawke R is by the very powerful Grand Prix stallion Jive Magic. Jayhawke R is out of the mare Swallow who is a different bloodline to many of the Ryans broodmares. Swallow is by Argentille Ilkay, a very fancy Dutch stallion that didn't really get lots of opportunity to breed in Australia. One of the things about Ilkay that Australians have not picked up on is that he is by Varient, the dam line of Valegro, currently the Olympic gold medallist from London 2012 and reigning world champion from WEG 2014. The few Ilkays that did get out there in the sport have competed and performed very well. Swallow, dam, of Jayhawke, is out of the mare The Swift who is by The Heron who in turn is by Satu Besau. Satu Besau is closely related to one of Australia's early Grand Prix dressage frontrunners, Jackpot, who was ridden by Tina Wommelsdorf. The Swift was a very good broodmare and was also dam of the very amazing 4-star eventer Isabella Rosolini ridden by Kadi Eykamp. Jayhawke R does have the most amazing bloodlines. Jayhawke R was broken in by working pupil Shoshona, the first horse that she has ever broken in. His temperament is impeccable. As an individual he lets nobody down and fills the arena with charisma, power and classical poise. On top of all these qualities, Jayhawke R is the most beautiful type. Jayhawke R is indeed eye catching and this is what attracted Shoshona to him as Shoshona comes from the Australian hack ring and the Royals.

Le Touche CG is known in the stable as Harry and is currently working through all of the Prix St George work. Harry is beautifully bred, mixing Holsteiner blood from Lander, Monopol and Falkland in with the Dutch jumping blood of Dutchman and Le Mexico and also incorporating the Trakehner bloodline of Copernicus. Harry himself is showing signs of being a very serious dressage horse, however his full sister Tattiana CG was something special when it came to showjumping (with Julia Hargreaves, then Clem Smith). Certainly an athletic family. Harry was the 2014 Medium Champion at Alexander Park Dressage Club. Harry is particularly talented in shoulder-in and half pass. He is confident in his flying changes and at the auction we will show off tempi changes. Canter pirouettes are a project in progress, however, they are very close to competition presentation standards. Medium trots are big and scopey and work is well and truly started on piaffe and passage. Harry does have a lot of promise in the piaffe and passage. At the moment a lot of the work is being done by young rider Bree Tillitzki. Harry is charismatic, powerful and handsome especially once he is going. Ferro Magnifique (Zeke) is a ripper of a colt with the most impeccable bloodlines. His sire Rhodium has had a fantastic dressage career but what's most notable is the success of his offspring. A few of these include Evita, who won the Championships of Noord-Brabant in 2012; in 2005 Duval's Capri Sonne was the silver medallist at the FEI World Breeding Championships in Verden; Wittinger sold for E280,000 in 2007; and in 2013 Cupido sold for E350,000. It's no wonder when you look at Rhodium's incredible pedigree. Sire Olympic Ferro made it to #1 on the BN World Stallion Rankings for dressage and was the catalyst for the Netherland's silver medal win at the 2000 Olympics. Rhodium's grandsire Le Mexico comes from some of the oldest and most successful bloodlines, tracing back to Furioso. Not to be outdone is his dam line with more influential sires like G. Ramiroz and Voltaire as well as his mother, grandmother and great grandmother being excellent jumpers. Rhodium is currently leased to Scotland to improve the dressage gene pool; he is the first KWPN approved dressage stallion to stand at stud in the country. Regante Magnifique, Zeke's dam, is absolutely stunning, with 3 exceptional paces. Her sire is Regardez Moi an Australian Grand Prix Champion with more than 40 wins at that level. Her dam is a thoroughbred mare boasting Sir Tristam and Sir Ivor lines. ## Bay mare 25/08/09 16hh

Daccord (Danni) started life as a non-outstanding racehorse, before being bought by Hazel Shannon and trained for 18 months. The first outstanding quality to make its presence felt was Danni's amazing temperament and ability to improve every day - a horse that improves every day is rare indeed and the hallmark of very successful individuals. In dressage Danni quickly embraced going on the bit, with shoulder-in and half-pass particularly easy. Jumping was a pleasure and Danni was blessed with a natural instinct as to where the rails were in relation to her legs at all times. Right from the beginning she was very careful. She rarely touched a rail, recognised distances, and so was very creative in adjusting her stride in front of a fence for an optimum take-off spot. Danni recognised the value of a very even rhythm on course and was always clear thinking. Finally, Danni was both naturally brave and naturally had enormous scope. Without question Danni has a very serious career as a straight showjumper. Cross country, Danni was schooled intensively and carefully over water fences, ditches, banks, bounces, arrow heads, apexes and related lines - a natural. Hazel competed in five ODEs, up to preliminary. When Dean Ryan bought Danni, he was a complete beginner and had never jumped, but he was able to clear related lines and fences up to 1m. Danni never lost sight of her rhythm, creativity in front of a fence, carefulness and her quiet temperament. Dean now wants to concentrate on his talented dressage horse, so Danni is for sale. As an eventer we believe Danni would go 3\*. She can be ridden by a child, teenager, adult or professional. This is a special mare.

Bliss is a magnificently bred and very attractive unbroken filly and with Fiji R as her sire, her temperament is superb. Fiji R is a young stallion not long started his Grand Prix career and sires beautiful and talented progeny. Bliss's dam, Hunterview Bling Bling, is an amazing mare who is so like her sire, Brentano II, and her movement is huge, bold and expressive with superb extension. She has been a broodmare but is now under saddle and we await great things from her. Bling Bling is out of Northern Celeste, by Northern Congress (sire of Rachael Downs' Olympic horse Northern Charisma), whose bloodlines go back to Cor-de-la-bryere via Contact. Brentano II is famous for producing International Grand Prix dressage horses including Brentina, winner of the World Cup Final in 2003 in Sweden. Bliss has elegant floating paces and an uphill canter and should excel at dressage but also has shown a natural inclination for jumping. We see her also as a show prospect! She has been raised naturally outdoors, is well handled and very affectionate and very easy to do anything with.

## Chestnut gelding 11/11/11 mature 17hh

Fudge R is a very flashy youngster by the Grand Prix dressage stallion Fiji R, competing successfully with Ryan working pupil Bree Tillitski and becoming widely recognised for the amazing temperament that he passes onto his progeny. Fudge R is out of Jam R who in turn is by the impressive Grand Prix stallion Jive Magic. Jive Magic represents the Jazz bloodline, which has turned into a Dutch dynasty and pretty well impacts at every major international dressage competition, Olympics and World Championships. Jam R's dam is Wham R, coming from the Weltmeyer dynasty that has swept Germany for the past 15 years. On the bottom line of Wham R comes the mare Marge R by the Grand Prix stallion Richmeed Medallion who himself represents the Danish May Sherif dynasty. Today May Sherif is still the only stallion in the world to produce two World Cup freestyle winners – Andiamo for Germany and Matador for Finland. Fudge R is the first of Jam R's progeny to be offered for sale. His older full sister, Figjam R, and half-sister Relish R, have been retained by Ryans to join the broodmare herd. Fudge R is an extremely eye-catching youngster who has a naturally round way of going and just oozes personality and presence. Fudge R has the class and the breeding to make any owner proud. You can check out just how flash Fudge is under saddle at <https://www.youtube.com/watch?v=Tjoz3wl2Db4>. The video is taken after only six weeks at the breaker, and yet Fudge presents like a horse with many months' experience. Fudge has a prowling walk, has inherited his sire's powerful trot that almost hovers in mid-air, a super soft, ground-covering canter and incredibly advanced transitions for his age and experience. Peaches R represents a product from a rarely seen hidden herd of mares. These youngsters are eventers and are produced by Heath, for Heath! Peaches R's sire Promise R is an amazing mix of Olympic dressage bloodlines in Silvano N who competed in the Grand Prix dressage at the Sydney 2000 Olympics for Holland and Flemmingh, sire of Lingh with Edward Gal and Krack C with Anky van Grunsven. Song R (Peaches R's dam) is by Sanction who also sired Flame, who with Heath won most of the major three-day events in Australia including Adelaide 4-star. The dam of Sanction is Sasha who is by Sir Dane. Sir Dane was the sire of Stirling Shade who with Heath in the saddle a long time ago was twice the Australian three-day event champion. Peaches R started life as a broodmare simply because she represented such a wonderful collection of eventing genetics. She has three nice paces, is careful over fences and shows good technique in the air. In front of a fence Peaches R is quite creative and agile and is very aware of leaving the rails alone. Peaches R is in foal to Wimborne Constable . Wimborne Constable is currently being campaigned by Heath Ryan for owners Kylie and Philip Ewart and is proving to be an up-and-coming eventing star. He has already won the majority of his starts! Peaches R is state-of-the-art eventing.

## Black colt 28/10/12 mature 16.3hh

Shadow Dancer R comes from an outstanding family. His sire, Starnberg, is a beautiful modern stallion that was imported from Germany by Pamela Maine. At just 6 years of age Starnberg was completely nonchalant with piaffe, passage and one time changes. Starnberg is now a gelding so there is very little of this bloodline to come. Shadow Dancer R is currently a colt and good enough and quiet enough for the new owners to consider keeping him entire. Of course as a gelding he looks every inch an Olympian. Shadow Dancer R is out of Slinky who is by Salute who is arguably the most influential bloodline in Australia today in terms of Olympic dressage and eventing horses. Slinky's dam Lynx is a full sister to Londoner. Londoner was the Australian Prix St George and Intermediate I Champion when he was just 6 years of age many years ago (6yos are no longer allowed to compete at this level). He was sold to Mary Hana who took him on the Trans-Tasman tour of New Zealand and here he won Grand Prix against the Australian and New Zealand Team. Shadow Dancer R is a magnificent individual with wonderful paces and quality. He is quiet and a special individual.

## Gruyere filly 25/08/13 mature 16.1hh

This filly is extraordinary on so many levels. First, her eye-catching appearance – Whistler is the first horse in Australia to be registered with the AWHA as a gruyere colour. Gruyere is a dilute colour of brown (like buckskin is a dilute of bay). The result is a colour that is a rich mocha colour, with a smokey, hazel eye. This is ideally suited to someone who is after a traditional solid style of colour, but with something very unique. The colour, combined with this filly's uphill stance, shoulder and wither, over-tracking walk, and elevated trot, will leave no head unturned. This filly is by the upcoming young stallion Wimborne Constable. Constable has very interesting genetics - he is by Contenda, a well-known eventing stallion campaigned by Shane Rose, and out of a Gribaldi mare (sire of Totilas!). Whistler's dam is by a Jaybee Leuwin stallion. Jaybee Luwin is known as a quiet stallion, having been used as a para-dressage loan horse, with lines tracing back to Leonardo 68. And on the dam line is Harvest Jasmine (bought by Peter and Di Jenkyn) and Argentille Grenadier. Generally, we aim for purpose-bred horses, however, this horse has been bred to do anything or indeed everything! Check out Whistler at <https://www.youtube.com/watch?v=Cf0gAlnzfp0>

ON ACCOUNT OF SOUTHERN CROSS WARMBLOODS

## Chestnut colt 3/10/13 mature 16.1hh

Southern Cross Draco represents over thirty years of breeding excellent performance horses by a boutique stud in Australia. Draco's sire is Budweiser and his dam is Southern Cross Aurora. Budweiser is a very successful showjump sire. His pedigree features such legendary stallions as Landgraaf, Ladykiller, Cor de la Bryere, Voltaire and Ahorn Z. Some of his progeny are Kitara Bollinger, Kitara Veuve and Kitara Bellefon. Southern Cross Aurora is by the wonderful TB eventing and jumping sire Brilliant Invader. He has sired World Cup showjumpers Pirate, Mitavite Imperial, Gingernut, Scarlett and Dunstan Flower Power and the eventing superstar Ready Teddy and he is the grandsire of Wendy Schaeffer's Koyuna horses Sun Shine, Sun Magic, Sun Set and Tora Bora. Aurora was campaigned by Emma Hindmarsh and progressed to 2\*, retired as a broodmare after injury. Aurora is still retained by the stud. Draco is a bright chestnut colt with a blaze and three socks and should mature to be in excess of 16hh. He exhibits a huge walk, an elastic and expressive trot and a bold soft canter. He is very well grown from his daily Prydes' feed and has been regularly wormed. Draco is an excellent example of the modern type of warmblood - refined and elegant. We believe he will make an excellent showjumping or eventing horse. His temperament is to die for, he appears to have a willingness to please and to work and therefore should be very trainable.

## Brown mare 11/10 mature 16.3hh

Magic is an impressive, stunning type of mare, with a big shoulder and wonderful, powerful paces. She is black with a blaze and two hind socks. Magic moves like a big predatory cat, silent and smooth, all graceful energy. She is beautiful to ride as a result of this silkiness in her stride. Magic has only just recommenced her training here at Heatherbrae in the past eight weeks after being broken in a year ago in the Narrabri region of NSW. She has shown a great willingness to work in her new environment and her talent for the dressage arena is abundantly clear. Magic is by the Grand Prix stallion Jive Magic, successfully campaigned by Rozzie Ryan, and Jive has sired many, many horses now successful at national dressage levels. Magic's dam, Lima Echo, is by imported Dutch stallion Salute, who needs no introduction being arguably the most influential stallion in Australia. Lima Echo is a full sister to the champion small tour horse Oscar Bravo, who was renowned for his amazing temperament and who appeared at Sydney CDI as the guest horses for international riders for many years. Magic shows all the signs of being a serious competition horse.

## Grey colt 17/01/14 mature 16.1hh

Wizard is a stunning combination of genetics from Grand Prix bloodlines with the most laidback personality ever. What a combination! Ready to break in next year, he is a wonderful mix of the Briar temperament and the Wow Wie personality. The most chilled, tame colt you can imagine, he nevertheless shines when he shows off and has the makings of a superb competition horse, showing a distinct lack of spook and a natural inclination to conserve energy, firing up only when required. Wizard is by Byalee Wow Wie rw, who was winning his first official dressage outings at elementary on more than 70% at the age of just four and his first mediums on over 67%. Now 6, he is training two-time tempi changes and half-steps and he is powering resolutely towards Grand Prix. Wizard's dam, Byalee Bloom, is one of our top broodmares, being from Grand Prix stallion Richmeed Medallion (imp) mare Magnolia, who is in turn out of a Jazz mare – Jazz being another international Grand Prix horse. Bloom's sire Byalee Briar is now averaging 65% at advanced dressage and starting to look flash in piaffe and passage. Bloom's full sister Byalee Bliss as well as Magnolia's siblings Byalee Millions and Byalee Ballet are all successful competitors. This is a chance to buy a versatile colt from a new era in the Australian dressage world.

## Bay gelding 25/11/12 mature 17hh

This handsome unbroken gelding may be 'one out of the box' as very few OO Seven offspring seem to come up for sale. Sire OO Seven is by Rubinstein, the sire of the famous Grand Prix champion Regardez Moi. These three stallions need no further introduction. OO Seven's dam is Gelbria, full sister to international Grand Prix horse Olympia Barbria. Both horses were sired by the famous dressage sire in Holland, Doruto. Magik's dam is Opal Park Magenta, who is by the famous imported Grand Prix stallion Richmeed Medallion. Magenta is out of Ego Alice who is by Belcam Aatlantis and goes back to Contact. Magik has good strong bone and exceptionally good feet. He would excel at dressage and eventing. He moves really well and has shown his ability at jumping. Raised in a natural outdoor environment and well handled, he has a calm temperament and is easy to do anything with.

## Brown mare 13/10/07 16.1hh LFG to Questing R

This is an interesting mare and was originally bred by Paula Hocking. Paula sent her mare Hoc's Potter to Jive Magic and the resulting progeny was Hoc's Paula. Hoc's Paula is a very well put-together mare and right from the start had wonderful movement. She was always of great interest to us as she carried the Contango II bloodline. The Contango bloodlines were originally jumping blood, however, they were made famous by Steffen Peters' brilliant dressage horse Revel. Revel won the World Cup Freestyle Finals and made Steffen Peters the superstar he is today. The Ryans broodmare herd did not have any Contango bloodlines and so we bought this mare for her spectacular movement and genetics and she has produced some spectacular foals to Regardez Moi with sensational movement. Indeed her first foal, Rhodes Scholar R, brought \$17,000 at auction as a weanling. Paula is in foal to Questing R. This will be her first foal to Questing R who is from the Quando Quando bloodline who represented Australia in 2006 at the World Equestrian Games in Aachen, and in 2008 at the Olympic Games in Hong Kong. Questing R also carries Brentano II blood on both his sire and his dam side and his great-grandmother Poesie was the dam of Poetin who sold for 2.5 million Euros and was the Bundeschampionate as a 6yo. Questing R is our new young superstar dressage stallion and to date all of our stallions have gone on to be Grand Prix. Questing is showing all the signs of also being a superstar. Bloodlines to die for!
