ENGAGING INNOVATION

Auction of the Stars is online!

In addition to our normal bidding methods of:

- Live bidding from in the room
- Phone bidding
- Bidding through an agent

We now add bidding LIVE ONLINE!

For the first time you can bid on any of our lots live online. We believe it is the way of the future and we are slightly terrified about how smoothly it is going to work.

The live online bidding will enable you to bid in real time on the horses in this catalogue! If you see a horse going for a bargain you can jump in and get bidding! In general, our live crowd is made up of breeders, dressage enthusiasts and riders looking for their partner to take them up through the grades. And phone bidders are usually people who have come and trialed or seen horses but can't make it to the auction on the day. Lot 40, Bacchus, who has top-of-the-range eventing bloodlines, could go for a bargain as our traditional crowd tends not to be eventing oriented - that's where the live online bidding comes in! You can choose to bid instantly from anywhere around the world on any of the lots!

Find more information about our
LIVE ONLINE BIDDING
at www.auctionofthestars.com

There will be live-streaming of the auction, however, this can be delayed and the horse on the live stream may not be the horse being auctioned. The online live bidding is separate to the live streaming. At the moment, live streaming is for your enjoyment. Online live bidding allows you to participate - they are separate entities.

A MESSAGE FROM HEATH

Ladies and Gentlemen, welcome to our final Auction of the Stars (AOS) for 2016. Our horses continue to change and evolve, and unlike any other sales facility, we are fascinated with the genetic development of horses the world over and trying to understand this genetic development and trying to bring through AOS just the latest ideas and state of the art horses to we Australians. Historically we were very quick to understand the concept of putting the best to the best and not breeding all-rounders, ie, in Germany, jumping mares were traditionally put to dressage stallions and dressage mares to jumping stallions. In the 80s and 90s, the lucrative markets revolved around licensed stallions. These stallions were scored on their dressage and their jumping and their cross-country abilities with all of these scores being added together and the stallion with the highest score being declared the number one stallion of that classification. This stallion would then sell for hundreds of thousand deutschmarks, or even millions. We did in the late 80s and early 90s use stallions such as Rubinstien across Donnerhall mares, which caused huge German outrage and we were actually threatened to have our mares expelled from the German properties where we had them based. Anyhow, mainly because we were such good clients financially that didn't happen, and from that specific engineering came Regardez Moi. Through the use of stallions such as Donnerhall and Rubenstien and Pik Bube and May Sherif, and Dutch Courage and Jazz and Consul and Angelo, we did produce a line of horses that were especially good in the collected areas and who could piaffe and passage outstandingly. Our stallions Jive Magic, Richeed Medallion, Ludendorf, Don Ramiro, Salute and Regardez Moi have been outstanding Australian successes in the Grand Prix arena. The progeny from these stallions are today dominating the top dressage grades in Australia, including Australia's 2016 Grand Prix Champion, Utopian Cardinal. We now need to move forward and put the finishing touches to our product with a view to taking on the best Grand Prix horses in the world. We are now looking to introduce more rideability and more scope and the stallions Byalee Briar, Fiji R, Questing R and Nemo are only just now appearing in our AOS sale ring. Without question horses and riders from this facility are now winning Australian championships in both the dressage arena and the eventing arena. We have not to date produced any outstanding individuals in the show jumping arena, however, I would like to suggest that we are only a small private outfit and pursuing two out of three Olympic disciplines in dressage and eventing is already exhausting, and we just do not have the resources or the time to make our mark in the show jumping world. Personally, I am not convinced that some of our horses do in actual fact harbour outstanding show jumping prowess. So, ladies and gentlemen, we have a big catalogue of some 40 horses that do represent the cutting edge of the Australian competition world, we have a proven track record of dominating the Australian dressage and eventing world at the top and this catalogue of December 2016 is very much a group of horses that are shifting their focus from national success to addressing international success. Of course, we will all just have to wait and see if we can be internationally successful as in Olympic gold medals, however, to date we have managed to fulfil these very ambitious national achievements. Good luck everyone. So ride boldly, lad, and never fear the spills for never will we Australians reach the Olympic summits without the help of a really fancy horse.

Cheers,
Heath

A MESSAGE FROM ANN-MAREE

Just last weekend I was at a little dressage club in the Hunter Valley – Singleton Dressage Club.

And it occurred to me that my first dressage competition ever, back in perhaps 1986, was at that exact same ground. I have a terribly vague recollection of a much younger Heath Ryan riding the imported Oldenburger stallion Ludendorf at Grand Prix level, as well as a beautiful white Andalusian mare nicknamed Steamer at Prix St Georges. I only wish I knew enough at the time to know what I was seeing.

And last weekend? Nothing had really changed – but for one small, yet hugely significant factor. The breeding of the horses had changed. While there was still an element of ‘Australia, the lucky country,’ where anyone can source a horse and have a go at dressage on an OTT, there has also been a constant changing of the guard during the past 30 years that has been reflected in the hoofprints on that Singleton soil. Ludendorf, way back when, was one of the first imported stallions to make a huge impact on dressage in Australia, with a string of Grand Prix horses to his credit like Stirling Solo (Bonnie Holstein) and Byalee Tomorrow (mine) and Heath’s and then Mary Hanna’s champion Londoner. And I can think of at least half a dozen more! So long ago, and look how far we have come.

At another time, no doubt, the imported Dutch stallion Salute would have been at Singleton, then imported Danish stallion Richmeed Medallion, and again, the Grand Prix offspring of both of those horses.

An extended time lapse photography collage would have shown the petite black Medallion (McStallion to his friends) morphing into the majestic Regardez Moi ... and in fact there was always an overlap, with Heath competing Byalee Magic (Medallion) and Regardez Moi both at Grand Prix circa 2010.

One horse at Singleton last weekend was Frosty Morning R. He reflected Fiji R, Jive Magic, Richmeed Medallion, and Don Ramiro. Then there was Salute, then Ludendorf, 30 years and six generations later. Ludendorf’s great-great-great-great-great-great grandson literally trod in his footsteps. All imported. All influential. Such a depth of breeding at a small club day – only in Australia!?

Auction of the Stars – (and even its predecessor, the Lochinvar performance sales) – is just like Singleton Dressage Club in that it has forever reflected the changing times of warmblood breeding in our country. A microcosm of Australian warmblood genetics, it has reflected the introduction of bloodlines that have steadily made it more possible for more riders to become more educated and able to produce more Grand Prix horses than ever before.

This weekend sees AOS on the move again – Questing R beginning to make his mark and his foals coming up for sale, the first pregnancy by Nemo for sale in utero ... and one can only imagine where we will be in another 30 years’ time. Wherever we go, please do make the effort to give the future some thought and stay right here with us. We plan on staying on the cutting edge of Grand Prix.

Wholly Relics

QUALITY ANTIQUES

Wholly Relics is based in a heritage-listed building that was once part of the old Maitland flour mill, which dates back to 1860-1870. Wholly Relics specialises in quality antiques, and carries a huge range of constantly changing stock.

The bottom floor of Wholly Relics is a treasure trove of top quality pieces, including Royal Doulton, Shelley, Winton, Belleek and Limoges. There is crystal, plus glassware including a huge range of Victorian and some Georgian, in red, green, purple, yellow and white.

There is costume jewellery and knick-knacks, plus a great selection of quality furniture, lamps and accessories ranging from 1860s to 1920s, and a huge range of popular Masters' prints. Those who wander upstairs are able to fossick for a bargain amid the lower-priced goods.

If you are visiting the Hunter, make sure you take the time to call in. We are open from 10am to 4pm Thursday to Sunday, or by appointment.

Just 15 minutes from the freeway, Wholly Relics is right on the New England Highway at East Maitland and has plenty of off-road parking behind the building.

Did you know that horses talk?

You only need to listen to the signs they show you to understand what they're saying. They could talk to you by hanging the tongue out, getting the tongue over the bit or rolling the tongue back. These are all signs of bit pain and are their way of telling you.

Those aren't the only signs: many may chew, grind, grab or chomp on the bit because they are trying to hold the bit pressure off their tongue. Some will lean on the rein, hang on one rein bad, pull the reins through your hands, head toss, run through the bit, or bolt, while others will rear and buck to get rid of the pain or the rider at the end of the reins. Horses will open their mouth to give them more room, enabling them to roll their tongue back or hang it out to escape the bit pain. Others will rub their face on their leg or the rider at the end of the ride - this is them saying "Please get the bit out of my mouth! It has hurt me!"

There is extensive research behind the Winning Tongue Plate Bit, and combined with input from leading trainers and riders the design of the bits has helped to overcome these problems. These riders have stated it's like having power steering and the difference the WTP bit makes is comparable to wearing comfortable slippers all day instead of high heels.

Black stallion 16.3hh 1996

Regardez Moi is the most winning Grand Prix dressage stallion in Australian history with more than 40 Grand Prix wins. Regardez Moi has on three separate occasions been the Australian Grand Prix champion as well as Grand Prix champion at Equitana for three consecutive years, plus represented Australia at the 2009 World Cup Final in Las Vegas. Regardez Moi has sired many outstanding competition horses including the 2016 Australian Grand Prix Champion Utopian Cardinal. At the 2016 Australian Dressage Championships Mindarah Park Ramadan (Mary Warren) was first in the Grand Prix Freestyle and second was Utopian Cardinal (Heath Ryan). Both horses were by Regardez Moi. In Australia at the moment there are some six Grand Prix dressage horses who are either by Regardez Moi or out of a Regardez Moi mare. Unexpectedly, Regardez Moi has also proven to be very successful in siring 3* eventers with several offspring competing at the 2016 Adelaide International. Regardez Moi is now 20 years old and without question is a legend in his own lifetime. He has been most successful competition horse ever at Grand Prix level in Australia, he has sired more top Grand Prix dressage horses than any other stallion in Australia ever, he has produced high-priced foals and weanlings that have gone through the auctions and he still performs in public under saddle. Palomino stallion 17.2hh 2004

AOS goes to great lengths to ensure that we have the stallions with the best Grand Prix genetics in the world - this is one of them, and Byalee Briar is the only stallion in Australia by Bjorsells Briar 899 who is shaping up to be competitive and startlingly spectacular. Briar has had a quiet beginning to his career, but Ann-Maree has never given up on her vision and his schooling is now allowing those genetics and underlying talents to come to fruition. Briar is showing signs of realising his promise and is responding positively to schooling in piaffe, passage, tempi changes and pirouettes. He is now finding new gears that make him very exciting! And – he is the sire of the Auction of the Stars' record-setting sale, Byalee Breathless for \$72,600 at our last Christmas auction. Unbroken youngstock sell for up to \$16,500 on farm. Briar is completely focused on a pathway to Grand Prix, but having said that, the information we are getting is that he is also throwing serious jumping talent. Bjorsells Briar 899 (elite-listed stallion) was for seven years the world's number one dressage breeding stallion. However, he actually scored higher for jumping than dressage at his stallion testing, as did Briar's dam sire, Bernstein, another elite-listed Swedish warmblood. Briar has an advanced level qualifying average of more than 65% and we look forward to even better to come. Briar is renowned for his amazingly calm temperament and buyers are enthusiastic about his youngstock, which inherit his statuesque conformation and athletic ability. Live cover only.

Unfortunately Jive Magic was injured and so did not continue his campaign as a top Grand Prix competition horse. He did, however, earn a reputation of being the most powerful Grand Prix horse in Australia. Jive Magic won some of the biggest Grand Prix competitions on the circuit, including the prestigious Sydney CDI 2010. As a sire, Jive Magic is experiencing huge success. His very first foal went Grand Prix and is called Jeff the Chef. Jeff the Chef is campaigning in the USA, while in Australia, Johnny Depp moved into the Grand Prix arena when just 7yo, with outstanding success at the age of 8. At State and National Championships and in young rider classes, as well as in young horse classes, Jives offspring have been winning championships. Rozzie Ryan is campaigning champion Grand Prix horse Jarrah R. Just Dance (Katina Smith) has recently chalked up his first wins at PSG and Inter I, while Jazzki won the 5yo young horse class at Dressage with the Stars 2013. Youngstock by Jive Magic are inclined to have very fancy movement. Jive Magic is by Jazz who has created a world-recognised Dressage dynasty and to this day the top riders the world over will seek out these bloodlines with a view to Olympic performances.

Chestnut stallion 26/9/11 17hh

Questing R is a fascinating addition to the Ryans' stallion band. He was bred by Michelle and Judith Buckley from Hunterveiw Stud, Scone and is by Quarterback, who carries the Quando Quando bloodline. Quando Quando represented Australia in 2006 at the WEG in Aachen, Germany, and at the 2008 Olympics in Beijing. Quando has the most amazing temperament and this has found its way all the way down to Questing R. Quarterback, the sire of Questing R, was the Bundeschampion 3yo riding horse. He scored a 10 for his rideability. On Quarterback's dam line is Poesie (Brentano II), dam of Poetin, winner of the Bundeschampion as a 3yo, 5yo and 6yo. Poetin sold for €2.5 million! Questing R's dam is by Brentano II out of a Wenzel mare. Brentano II is famous for producing international Grand Prix dressage horses including Brentina, winner of the Goteborg World Cup Final 2003. Right down the bottom of Questing R's pedigree is Stirling Desire, with Donnerhall, Pik Bube and Salute bloodlines. Questing R has more scope in all of his paces than previous stallions here at Ryans. Providing he can piaffe and passage as can the Regardez Moi and Jive Magic babies, this could be our best stallion ever! As an outcross for our broodmares he is perfect and already his competition career is stellar and has everyone talking. Massive overtrack in the walk, incredible balance, scope and bend in the trot and just the most beautiful beautiful canter and canter extensions.

Black stallion 1/7/2004 16.2hh

Fiji R is an exciting imported stallion campaigned and trained by young rider Breanna Tilitzki right from breaker to the present, where he has numerous Grand Prix championships to his credit. Fiji R has consistently posted scores of up to 75% throughout his career, qualifying for Australia's elite international, Sydney CDI, State and National Championships. Fiji R has the quietest of temperaments and often will be found at Young Rider competitions with just Breanna and her Mum as rider and guardian. This temperament Fiji R passes on to his foals, who have sold for as much as \$35,000. Fiji R has quite remarkable paces with a very distinctive walk. Trot is fully suspended with a definite ballerina poise between beats. Canter is beautifully balanced and uphill with super easy flying changes. Fiji R is sensationally bred with his sire Florencio being both the 5yo and again the 6yo World Champion young dressage horse. Florencio I is by Florestan I who has emerged as one of the recent very important dressage lines in Germany with a number of Olympic offspring to his credit already. On the dam line is a mix of Trakehner through Hohenstein and thoroughbred through the Hill Hawke line. The Hill Hawke line has become famous as a dam line by also being the dam line of the Welt Hit line. Many of the top Australian riders have a Fiji R youngster!

Black stallion 22/05/08 15.2hh

Desert Storm is a magnificent imported black stallion representing just the very best Olympic bloodlines in the world today. He is a beautiful type with an artistic head and neck. His movement is big and correct with super bend through the hocks and knees. He is a winning eventer carrying amazing dressage genetics. Currently trained and campaigned by Sappho Ransan- Elliott, he recently won Tamworth ODE EVA105 finishing on 29.20 penalties, which is perhaps an Australian record. Desert Storm is also winning and placing at medium/advanced dressage with scores of almost 70% on alternate weekends. At home he is schooling in tempi changes and piaffe, with great promise for Grand Prix, while over a fence he does love to jump and approaches the fences with a careful watchfulness and then bascules up over the fences with perfect technique. For the breeding connoisseurs, Desert Storm is bred to win an Olympic dressage medal. He is by Dr Doolittle who is by Donnerhall. Donnerhall represents the number one dressage dynasty in the world. The majority of the top 25 horses at the past two Olympics and World Championships carry Donnerhall influence. Rubinstein can be found on Desert Storm's dam line and this blood is also extraordinary and exerts a whopping 21% influence in the genetics of the top 25 Olympic and World Championship horses. For a breeding buff these are lines to die for. Desert Storm is special on all counts.

Flaxen chestnut stallion 01/01/10 15.2hh

Wow is a stunning little stallion, just last month hitting advanced level dressage with a debut winning start and training one times, piaffe and passage. Wow is being campaigned by Dimity Lourey, and like mother, like daughter, she is completely focused on training him to Grand Prix level. This will be the first horse that Dimity has trained herself to that level, but we have every confidence in Wow. He is a stallion with a great temperament, naturally sound and although few people make this journey to Grand Prix with success, watch this spot! Dimity is going to be one of them and the AOS stallions do have an unbelievable history of going all the way to Grand Prix. You would have to think that when AOS suggests a stallion is going to go all the way, history says you have to sit up and take notice. It's all in the genetics. Wow is by Wie Weltmeyer, a top showjumper and Grand Prix dressage horse before his international dressage career with Emma Hindle (UK). Wow's dam is the impeccably bred TB mare Law Suit, from the highly sought-after bloodlines of Son In Law, Blue Peter, Precipitation and Vain. Wow's offspring are just under saddle with Byalee Wishes at just 4yo winning his first champion dressage rug in October with his 14yo rider Tanisha Cragg. Byalee Wizard, schooling at Byalee, is amazing us all with his trainability and we find that Wow really does throw his amazing temperament.

Dark brown stallion 22/11/08 16.2hh

Constable is by the sensational eventing stallion Contenda, until recently was being ridden by Shane Rose in 2* eventing. Contenda is battling an injury and may well have to retire but there are some absolutely sensational photos of Shane and Contenda jumping on the net. Contenda carries the fantastic jumping blood of Contender from Germany. Contenda also carries the TB blood of Bolero. Indeed the Bolero bloodline in Germany is today considered a dynasty. On the dam line are equally impressive bloodlines. Constable is out of the mare Wimborne Paint it Black, by Gribaldi. Gribaldi is famous for siring many of the Dutch Grand Prix dressage horses including Totilas. Totilas is considered by many to be the best dressage horse the world has ever seen to date. Totilas sold to Germany for a rumoured AUD\$22million. Constable has started his eventing career with Heath Ryan in the saddle and is now a year into competition. He has been a standout success winning most of his starts and progressing rapidly to 1* eventing, the equivalent of Prix St Georges in dressage. Constable wins the dressage, is very brave and honest cross-country and does seem to have the most awesome ability to jump and simultaneously be super careful. It is still early days, however, Constable is giving all the signs of being an Olympic horse. Very exciting.

RIDDEN HORSE TRIALLING

This is one of the outstanding opportunities offered through the AOS selling program. We would encourage all riders who are slightly interested in the ridden horses to pluck up the courage to trial these horses in the official trialling times. Of course you are very welcome to trial these horses by prior arrangement in the weeks preceding the auction. Most people do suffer from the thought of riding in front of a crowd on the official trialling day. Our take on this is that if you are too embarrassed to look out for your own interests, then certainly nobody else will. Also, if you have dreams and ambitions, secret or otherwise, and being embarrassed is the biggest obstacle you have to overcome, then really life is not too bad. Realistically you will have to overcome much bigger obstacles than just being self-conscious or embarrassed. Get out there, trial these horses and take advantage of a great opportunity.

At the auction you do have the unique advantage of comparing one horse against the other. This comparison opportunity is exactly what happens in competition, one horse immediately compared against another, a phenomena which is very difficult to replicate when buying a horse privately. Riding is a passion discipline and in most instances when buying privately a prospective purchaser falls in love with a horse and buys it. In the auction situation, a prospective purchaser is much more likely to weigh up the pros and cons of each horse on a comparative basis. Of course, falling in love with the horse is a critical ingredient for success but we at the AOS would encourage you firstly to select your next horse on an intellectual level, then follow your heart and fall in love with the horse. We all know of people that have bought horses that didn't turn out to be everything they had hoped for but nevertheless, love the horse and persevere even when it is clear they should sell and start again. Treat the auction trialling as a day at the office.

We encourage everyone to trial each horse that goes close to falling into their wish list category. Keep in mind that sometimes a horse that reads and looks mediocre in the catalogue actually turns out to be lots better in real life than you had expected. Conversely, some horses will catch your imagination in the catalogue, and then be disappointing in real life. Once you ride more than two horses you will lose track of details on each horse so we encourage you to write notes on each horse immediately after trialling them. Also, watching a horse being trialled by other riders is a great way of assessing honesty and rideability.

The first official trialling is on Saturday at 1pm and on Sunday at 7.30am and we would encourage all interested parties to take advantage of this Saturday trialling. This does give you as the potential buyer the opportunity to have another ride the next day Sunday, at 8am. This also gives you enough time to research the horses and talk to the owners.

The basic format of trialling is that two or three horses come into the arena and are shown off for the first five minutes by their vendors, basically warming up and just gently running through the horse's routine. Then people wishing to have a little sit are invited to come forward. Prospective buyers organise to trial a horse by approaching the AOS representative, who takes a list of names so as to keep the trialling ordered, and also signing the appropriate waivers. Each trialling is tailored to each rider's individual needs, keeping in mind that the first and foremost priority is safety, and of course the well-being of the horse. It is a very hectic schedule with two sessions of public trialling plus the auction, all in two days, so horse welfare is a major consideration. We are of course very aware of also servicing the riders' needs.

Good luck, and if you have any questions please feel free to contact Heath Ryan on 0417 656 636 or email info@auctionofthestars.com

Greenoaks Weltman

ON ACCOUNT OF PAMELA LLOYD

Brown gelding 22/10/01 16.2hh

Greenoaks Weltman (Mendy) was bred by the late Clyde Wunderwald. Clyde was a man of dressage vision and in his time imported Donna Carrera who went on to represent Australia at the World Cup Final in Holland. Clyde also imported Greenoaks Dundee who went to the Beijing Olympics in the Australian Dressage Team in 2008. Mendy is a horse of great genetics being by the young stallion Man about Town. Man about Town was again imported by Clyde but did die long before his time at the early age of 5 years. On the dam side is the great Weltmeyer and also the individual silver medallist from the Seoul Olympics – Matador, ridden by Kyra Kyrkland. As a competition horse, Mendy has won and placed from the time he was 8 years of age at Prix St Georges/Inter I level. He then went on to partner Lilah Nieuwland and made his way up the grades to the new Medium Tour, which is between Prix St George and Grand Prix. This Medium Tour does introduce piaffe, passage, and one-time changes. Mendy has great rhythm in his paces, is very easy in shoulder-in and half-pass and has beautiful easy flying changes. He is currently being schooled at Ryans and with his old competition rider Heath Ryan back in the saddle, Mendy sure does come alight. Mendy is also ridden by Cathryn Herbert and Breanna Tillitzki especially when Heath is away doing clinics and he is considered a prize ride and the girls do enjoy him very much. What a great opportunity.

Burberry R, from a type perspective, is really upstanding. From a competition perspective, she has just the best bloodlines. Burberry R is by Sandhills Bounce, bred and produced as a young horse by Craig Barrett. Sandhills Bounce is by Croftlea Artisan, a New Zealand stallion that stood one season with Craig and Prue before going to England to campaign as an eventing stallion in the Northern Hemisphere. Burberry R is out of Socialite R, dam of Mystery Whisper, who won the Sydney 3* 3DE before being sold to the USA and then going to the London 2012 Olympics. Socialite is by Salute, whose blood can be found in some of Australia's best dressage and eventing horses. Both Stirling Stilton and Victory Salute World Championships Grand Prix Dressage, 4* eventing winners include Panamera and Sandhillis Brillaire, 3* winner Adelaide Hill, Olympic 2012 short-listed horse F1 Pharinelli and Emma Mason and significant stallions Stirling Sprite and Staccato, all carrying Salute blood. Socialite R on her dam's side carried the famous Cor de la Bryere bloodlines, responsible for the 'C' jumping lines dominating Olympic show jumping today. Burberry R is sold in foal to Contendro I through frozen semen. Contendro I is the leading eventing sire in the world today. Without doubt this type of breeding is where the Olympic eventers of tomorrow are going to come from. Burberry R is herself a half-sister to a London Olympian.

Black colt 28/8/16 mature 16.1hh

Fullmoon R is a black colt with a really big star and a blue eye and four white socks. Fullmoon R right from an early stage would leave his mum and go visiting the other foals in the paddock before they were confident enough to leave their mums' sides. As they became more confident, Fullmoon R was always the leader, leading them into the cross-country water jump where they would play for hours galloping through the water and out over a small log out onto dry land and then wheeling back and jumping the small log back into the water, taking particular care to jump up and down lots to splash all of the other foals. Fullmoon R also loves leading his friends up onto a mound cross-country fence, which goes up some 6m into the air. On top of this mound there was barely enough room for Fullmoon R and his five cohorts but they all managed to fit up there and survey the world and their mums from this vantage point. Fullmoon R is not bossy but very confident and seemingly very kind. He carries just the best bloodlines with his father Fiji R having a great year and winning many Grand Prix dressage competitions. Fullmoon R's dam Queenalie R is by the Australian Olympic stallion Quando Quando who was ridden by Kristy Oatley. Further back on his dam's line is Yardley Charisma II who was the Australian Grand Prix dressage champion with Rachel Downs in the saddle and represented Australia at the World Equestrian games in Dortmund in 1999. Rosehip R is a magnificent black young mare with spine tingling paces and breeding to die for. According to our records, Rosehip R should have a Questing R foal just before the auction, so this will be a two in one package. Rosehip R is by Regardez Moi who at the moment has to be the dressage sire sensation of Australia. Regardez Moi has on three different occasions been the Australian Grand Prix Champion and he has competed overseas representing Australia. This year at 20 years of age he did not compete for the first time in more than a decade at the National Dressage Championships. His progeny did, however, and Utopian Cardinal is now the reigning Australian Grand Prix Champion. In the Grand Prix Freestyle, the class was won by Mindarah Park Ramadan and second was Utopian Cardinal. Both horses by Regardez Moi!! On the dam side of Rosehip R is Jive Magic who was a mighty Grand Prix performer before being injured doing stud duties. Jive Magic did win the Sydney CDI Grand Prix in 2010 with Rozzie Ryan in the saddle. Right down the bottom line is Don Ramiro who carries the Donnerhall bloodlines and who was a sensational 5yo and then unfortunately for us was sold back to Germany. ON ACCOUNT OF PETA STRONG

LOT

Brown/black stallion 8/11/08 17.2hh

Go Heaven Sent (Joker) is a magnificent young stallion with two white socks behind and a small white star on his head. Joker has the most incredible temperament. This is why he has stayed a stallion. Joker loves attention and thrives with the pampering he receives. Easy to catch, lead, shoe, clip, wash, tie-up (including next to other horses in the washbay or next to geldings on the truck out at competitions). Joker has travelled to Melbourne for the young horse class as a 4yo and was not fazed by the atmosphere of the indoor arena and enjoyed competing with the crowds and music around him. At Melbourne, the horses have a chance to familiarise in the competition arena, which can get busy at times with many horses warming up at the same time and again Joker was unflappable in these circumstances. Joker started his life with great promise, wonderful paces, an outstanding temperament and bloodlines that were the cutting edge. Everything looked great for a stellar career. Well, life doesn't always work like that and due to personal circumstances the three horses on account of Peta Strong have all spent the past two years in the paddock. This, of course, is a great shame and they are now being sold with the view that just maybe someone will buy them and finish the journey that started with so much promise. All three of these horses are being sold through no fault of their own. Check him out as a youngster at <https://www.youtube.com/watch?v=blqYwm3T6hw>

Fawkes R is a 4yo, broken in but then turned away because we at Ryans have had our efforts focused elsewhere. Fawkes R was broken in by a breaker from Scone along with six other youngsters. All six of these youngsters do need further schooling and legs being picked up etc etc. The journey has been started. Fawkes R is compact, leggy and scopey. He immediately impacts as an athlete with natural balance and poise. He is very green but very sensible and responds with great logic. He does appear to have a mind that is highly suitable for advanced training. From a bloodline point of view, he is by Fiji R who has just had the most magnificent year in terms of Grand Prix dressage wins with his young rider Bree Tillitzki in the saddle. He has had a great year in terms of siring really beautiful foals and he has had a great year in terms of being hugely popular with our outside clients. Fiji R is king when it comes to temperament, young stock with statuesque good looks and young stock that have gazelle-like movement. On the dam side of Fawkes R is Jive Magic, a mighty Grand Prix dressage stallion winning the Sydney CDI Grand Prix in 2010 with Rozzie Ryan. On Fawkes R's mother's dam side he comes from Contango II bloodlines. Byalee Bjorn is a gorgeous red-gold gelding who deserves a loving partner in life. Sold at AOS in utero, he missed an early start in life due to work commitments by his owner at the time, and as a result hasn't yet had a chance to show off his inherited talent and temperament from the beautiful imported stallion Byalee Briar. A compact, hard-to-find height, Bjorn moves off into a nicely forward trot with little effort, and is responsive but yet not sensitive to the leg. He is very willing to stay in front of the leg, has easy canter transitions and is working through baby shoulder-in and legyielding. In his first test at his first outing ever, he scored a very impressive 76% to place second only to his stablemate Byalee Ringlet, with comments like 'beautiful true paces throughout'. Bjorn's sire, Byalee Briar, is showing real signs of a great ability in the world of piaffe and passage and his dam, Delight - known as Princess to her friends, was also a big-moving mare with performance breeding such as Kaoru Star, who appears even in the pedigree of Byalee Romance. According to Sappho who this year is heading up the stud work here at Ryans, Faberge R is the stand-out foal for 2016. Capturing him on camera we admit defeat, however, this is a spectacular colt with majestic lines and breathtaking movement. Faberge R is by Fiji R, who right now is starring on all fronts being very popular with mare owners and throwing foals that are great lookers, move really well and have really outstanding temperaments. As a competition horse, Fiji R has had a wonderful year with many wins at Grand Prix. Faberge R is out of Julip R, one of our established producers of top quality foals. Julip R is by Grand Prix dressage stallion Jive Magic, an outstanding winner with Rozzie Ryan in the saddle and who carries the dynasty bloodlines of the Dutch stallion Jazz. Julip R is in turn out of the mare Delphinium R who herself is by Don Ramiro. Don Ramiro was bought as a weanling from Germany by Heath Ryan and turned into the most spectacular young stallion. Don Ramiro carried the Donnerhall and Pik Bube lines. Donnerhall today is the number one bloodline in the world if you are talking the top 25 dressage horses at the last three Olympics. Don Ramiro did a display at the Sydney CDI when it was held in Horserworld before Sydney International Equestrian Centre and certainly Heath claimed he was the best 4yo in the world and he received a standing ovation. In eventing and dressage, her bloodlines on both sire and dam lines have proven to be some of the best in the world, producing many Olympic heroes including eventers such as: Chris Burton's Santano II, who represented Australia at the Rio Olympics; Sam Griffiths' Beaurepaire Nemo, established at 3* eventing; and Mystery Whisper, bred and campaigned by Heath Ryan and later sold to America where he competed with Phillip Dutton at the London 2012 Olympics. Also on the dam's side there is Woodpigeon, whose mother was Heath's very first Olympic hope. He is quoted as saying 'There was no end to her courage and generosity'. The dressage stars are endless. They need no introduction, appearing high up on the world stage for decades. There is Ferro, Uthopia and Krack C just to name a few. Frederico R is by Fiji R who has had a great 2016 winning multiple Grand Prix dressage classes and with the first of his offspring starting to compete and performing extremely well. Frederico R's dam line is fascinating in that it has Jive Magic who was a big-time Grand Prix dressage winner in the past having won the Sydney CDI Grand Prix class in 2010. Also on Frederico R's dam line is Argentille Ilkay who in turn is by Variant. The Dutch sire Variant is also in the dam line of Valegro who is the individual gold medalist at the London Olympics in 2012 and again at the Rio de Janeiro Olympics in 2016. It does seem that this Variant bloodline has been until now overlooked. Argentille Ilkay (dec) actually does have a really good strike rate of producing Grand Prix dressage horses from very limited opportunity. Ryans have a full sister to Frederico R who has been saved for the broodmare herd and she is not for sale. Frederico R does look like the real deal when talking about a top-of-the-range Olympic horse.

Black filly 24/9/16 mature 16.3hh

Felicity R is magnificent black filly with a star and snip and one white sock. Like all of the Fiji R foals, Felicity R has charisma and is stunning to look at. A shimmering beauty queen! Felicity R has great paces and in all ways is an outstanding individual. She is by the Grand Prix dressage stallion Fiji R, produced by young rider Breanna Tillitki to Grand Prix dressage level. Fiji R does have the most wonderful temperament and he does pass this on to his youngsters. Fiji R and Breanna Tillitzi have numerous Grand Prix dressage wins to their credit and Fiji R also looks to be producing young stock that are going on and being very successful in the competition arena. Felicity R comes from the Alabaster mare Chatham Park Allie. Chatham Park Allie does throw beautiful foals and we already have retained one filly with a view to our ongoing breeding program. Alabaster was ridden by Rachel Downs to be Australian Grand Prix Champion and did represent Australia at the World Equestrian Games in Kentucky in 2010. Alabaster did stay overseas to be campaigned in the Northern Hemisphere and was ridden by Hayley Beresford. Both Rachel and Hayley are Australian Olympians. Right down on the bottom line is Yardley Charisma II, Australian Grand Prix Champion again with Rachel Downs in the saddle and represented Australia at the World Cup final in Dortmund in 1999. Felicity R comes with an outstanding pedigree and a family that has competed with success in international competition.

Chestnut gelding 30/8/05 16.2hh

Dreamweaver is a striking chestnut gelding with a blonde mane and tail. Dreamweaver is a pure thoroughbred and was purchased off the track as a 4yo and has been trained, ridden and competed by his amateur owner/rider Lloyd Raleigh. Dreamweaver is currently competing 105cm eventing and would be suited to take a junior or amateur adult rider up the grades. Dreamweaver has a fantastic temperament and can be left for weeks between rides and then quite happily go to a competition with nothing more than a quick training ride the day before! There is no doubt that Dreamweaver is completely undiscovered in terms of his competition potentials. In terms of being a pleasure to own and take out and socialise and just enjoy riding Dreamweaver is a superstar! Interestingly, Dreamweaver has a special flare for the big trot and will with very little encouragement pop into passage. Lloyd loves doing this to show off just before a dressage test when he really should be concentrating on normal walk, trot and canter! Usually horses that do this are really stirred up and hot. Not Dreamweaver. He is genuinely a quiet, loose, long rein ride and will still produce passage steps. Of course if this natural gift was developed Dreamweaver would develop a trot equal to the fanciest warmbloods. Just one of those things! Dreamweaver has also been used as a lead pony for Japanese exchange students. He is a pleasure to handle and has a friendly nature. Dreamweaver is genuine in all ways and for many people this will be the funnest and most suitable horse in the entire auction.

Roulette R's sire Regardez Moi has to be the dressage sire sensation of Australia. Regardez Moi has on three different occasions been the Australian Grand Prix Champion and he has competed overseas representing Australia. This year at 20 years of age he did not compete for the first time in more than a decade at the National Dressage Championships. His progeny did, however, and Utopian Cardinal is now the reigning Australian Grand Prix Champion. In the Grand Prix Freestyle the class was won by Mindarah Park Ramadan and second was Utopian Cardinal. Both horses by Regardez Moi!! Roulette R is also majestically bred on the dam's side with her mother being by AEA Metallic. AEA Metallic is now a Grand Prix dressage horse with Dirk Dijkstra in the saddle. AEA Metallic does carry the Ferro bloodline. Down on the bottom line is the mighty Jive Magic who is also a Grand Prix dressage horse and in 2010 won the Sydney CDI Grand Prix. Eventers through the Auction of the Stars do tend to be in a minority, however, those that have been sold through AOS have gone on to be superstars. Bindaboo was sold as a 1* horse to Lindsay Honey in WA and was in contention for the Rio de Janeiro Olympics. Aspire R was sold as a 3yo and sold on as a 3* eventer and was also in contention for Rio. Bonza Troy took Sappho Ransan-Elliott from beginner pony club status to 3* eventing. And the list goes on and on. JE Blues is a strikingly beautiful WB by Jive Magic. He has been campaigned by Sam Fasher and is now competing at 2* level so he is well and truly on his way. JE Blues courtesy of his breeding does have outstanding paces and he has won straight dressage tests. From an eventing point of view this is a massive advantage. JE Blues has a really nice walk with good overtrack, a great trot which has swing and is standout in the eventing arena. JE Blues has a powerful canter with elevation and jump - certainly paces that could develop into a very real dressage horse should someone so desire in years to come. Just keep in mind that Bullwinkle, who was travelling reserve for the Australian dressage team at the London Olympics was a 4* eventer who changed direction. JE Blues as a jumper has a really good technique in front and behind and is capable of clear showjumping rounds. Cross country, JE Blues is good into water, over ditches and banks. His success includes winning elementary dressage in August 2014; 2nd in novice eventing SIEC 2013; 13th 2* eventing Camden 2014. He jumps 1'25 courses with confidence and has recently placed in 1.15m classes. This is a top competition horse for a rider who has serious ambition.

Fiji R has an extraordinary temperament. Flute R has not missed out on this outstanding temperament and also has the outstanding Fiji R paces. Flute R also has exceptional hock action. We think this spectacular hock action has a lot to do with Flute R's dam line, which is Regardez Moi and AEA Metallic. At the Australian National Dressage Championships in October this year, Regardez Moi was the sire of the new Australian Grand Prix Champion Utopian Cardinal. The Metallic fusion is also of great interest to us. Metallic is now winning Grand Prix dressage in Victoria with Dirk Dijkstra. In days gone by, we had thought that Metallic was perhaps the best moving stallion in Australia and to this day his movement in the Grand Prix test does catch everyone's eye and is the topic of much comment. Metallic carries the dynasty bloodlines of Ferro. Regardez Moi carries the dynasty bloodlines of Rubenstien, Donnerhall and Angelo. Fiji R carries the dynasty bloodlines of Florestan and Weltmeyer. There are about seven stallions responsible for the top 25 horses at the Rio Olympics and the same stallions four years earlier at the London Olympics. Rubenstein is one of the main dressage dynasties at the Olympic Games and is also the sire of Regardez Moi, three times the Australian Grand Prix Dressage Champion. Also through Royal Diamond is Inshallah, one of the important stallions in Germany, used to introduce more quality to the warmbloods. Inshallah was an Oldenburg stallion carrying some Arab influence. Rudi does have some great paces including impressive extended trot. Rudi is schooling shoulder-in and half-pass and is always very willing. At the time of writing Rudi had just started flying changes and hopefully by the auction these will be established enough to be part of his presentation. Rudi's changes are going to be big and expressive and this will open the gateway for Rudi to start campaigning at medium level dressage. Rudi does have a flair for dressage, however, he has also a more than competent jumper and shows good technique in the air. Rudi is a light ride and has historically always been ridden by a lady. This exceptional temperament is a highlight of the Fiji R foals, including Freshman R. Today Fiji R and Bree are an established Grand Prix dressage combination with many wins to their credit. Freshman R comes from the unique Starnberg and Regardez Moi bloodlines on his mother's side. Starnberg is by the very fashionable Sir Donnerhall and as a young stallion he was doing displays of all the Grand Prix movements including wonderful piaffe and passage at just six years of age. Regardez Moi is a legend in his own right and was three times Australian Grand Prix champion and the sire of the current Australian Grand Prix Champion Utopian Cardinal.

Chestnut gelding 09/01/2010 13.3hh

Bob is an amazing dressage pony with big horse paces who is already training through medium level work, finding movements such as half pass and flying changes just too easy! He has always been in the placings at preliminary and novice level dressage and even in young horse classes. Unfortunately due to illness in the owner's family, he was out of competition for two years and came back into training as if he had never stopped, picking up the reins exactly where he left off without a foot out of place. Bobby's sire, Hilkens Black Delight, needs little introduction – the first pony to be invited to the stallion show in Oldenburg, where he received a standing ovation. He has been described as 'on the verge of perfection' and his fine form and spectacular movement have created some celebrated ponies of today. Dam Windjana Cover Girl (aka Cleo) is an Australian riding pony that placed in the Victorian foal championship as a youngster, herself a real sweetheart to handle. Bobby has shown himself to date to be an angel to ride and a real little pocket rocket who deserves to get out there and show off with an ambitious child or teen rider who wants to shine at FEI level.

Red bay gelding 27/10/09 16hh

Hollywood is a red bay with four white socks and a small white star, pretty as a picture. His breeding and full brother Go Party Time do tend to indicate that Hollywood is very likely to train on and be a very serious competition horse. When Hollywood was weaned he was lucky to be teamed with Peter and Kirsten Stoops' horse Djette, along with Dan and Pia Steers' stock horse Heidi (Dan as in the famous Double Dan Horsemanship Duo). This did result in a very fortunate upbringing for Hollywood, who then received many ground lessons from Dan Steers and learnt a lot of skills that make him easy to work with. This helped set Hollywood's foundations as a ridden horse and made starting him straightforward and stress free. However as personal circumstances changed, Hollywood's education was left with him lunging and having only a few rides in the round yard. Hollywood likes attention and is easy to clip, wash, trim, handle, tie-up, load, transport etc. This is not going to be the most expensive horse that has ever been sold at Auction of the Stars, however, just maybe he might end up becoming the most famous horse that has ever been sold at Auction of the Stars.

Black filly 2013 mature 15.3hh

Ringlet is a dainty and delicate warmblood cross carrying some unique performance bloodlines. Rising three, she is maturing into a real sweetheart and shows a scopey trot, an uphill canter and a huge walk. To date, Ringlet is foot-perfect under saddle and in her first test at her first outing scored a staggering winning score of 81% including five 9s and a 9.5 – this without lunging on a 10-minute warm up. Ringlet has just the most wonderfully willing attitude, and is summed up by the judge's comment 'exquisite horse, huge potential!' Ringlet has also begun basic jump training and hasn't touched a rail to date up to 50cm. None of her talent should come as a surprise – her sire is a magnificent black stallion bringing together the pedigrees of two more imported Grand Prix black stallions – Danish import Richmeed Medallion and three-time national champion Regardez Moi. Both have sired horses that also jump and their progeny are renowned for achieving results. On the dam line, Ringlet has a dose of easy-going temperament from a mare by Son of a Gun, a champion reining horse! His progeny have won national reining titles and cutting, western, pleasure and hunter classes. A truly unlikely blend of genetics has created an exquisite little filly now poised for her big career.

Brown colt 3/02/16 mature 16.1hh

Fox is a very attractive brown colt by Fiji R. With Bree Tillitzki in the saddle, Fiji R is winning at Grand Prix level. Fiji's sire Florencio was the 5yo and 6yo World champion young dressage horse. Florencio's sire, Florestan I has a number of Olympic offspring to his credit. Fiji's offspring are traditionally beautiful with the quietest of temperaments and Fox is no exception. Fox's dam Ribena R is a powerful mare by Regardez Moi. Regardez Moi has more than 40 Grand Prix wins to his credit and has sired numerous seriously competitive youngsters. He has been Australian Grand Prix Champion no less than three times, and Australian representative at the World Cup in Las Vegas in 2009. Ribena R's dam, Shakira, is by Salute, who has sired Grand Prix dressage champions, World Cup showjumpers, and 4* eventers. He also sired the dam of Mystery Whisper (London Olympics 2012). Whilst Ribena R was not broken in, her full brother Rock Legend is campaigned by me and shows great talent for piaffe, passage, flying changes and canter pirouettes. He continues to delight me with his unflappable and steady temperament. Fox has been very well handled and is a real pleasure to deal with. One would think he will excel at whatever is asked of him.

Dark brown gelding 15/9/07 16.2hh

Go Party Time (Danny) is a beautiful dark brown gelding with three white socks and white blaze. Danny has presence, character, charm and always likes being the centre of attention - his name 'Go Party Time' is well suited to him. Danny was broken in by Dan Steers from Double Dan Horsemanship, which set him up as a confident versatile horse. Danny is the sort of horse that one can imagine trotting into the biggest arenas in the world and Danny exhilarating in the atmosphere and rising to the occasion. Danny loves all the primping and pampering that goes with being a competition horse. Easy to catch, tie, lead, shoe, ride, clip, wash etc. Danny competed at official preliminary level with many tests in the high 70%. At his first state Dressage Festival competition (Melbourne) as a 4yo he came 4th with a score of 70.4%. Some more examples of Danny's results in 2011 and 2012 with many wins and championships:

Manning Valley Dressage & Hacking Club, Prel 1B 71.1%, Prel 1D 70.9%; Hunter Valley Dressage Association, Prel 1C 79.1%, Prel 1:D 69.9%; Alexander Park Dressage Club, Prel 1:C 79%. Danny is IFS by Sir Donnerhall out of a Salute-cross-thoroughbred mare so this breeding gives him the genetics to excel in all disciplines. Danny is looking for a partner who is also capable of taking on the world. Check out footage of Danny in his dam's video at <https://www.youtube.com/watch?v=PAvrWiOzys8>

Buckwell Park Jevon is an impressive 3yo filly with three uphill and outstanding paces. She is extremely athletic, strong but elegant and ready to break in. We expect her to mature about 17hh. She has a sensible and trainable temperament and is a delight to do anything with. She is by the magnificent Bjorsells Briar 899 Stallion, Byalee Briar who is well on his way to Grand Prix, showing talent in piaffe and passage. He is the sire of Auction of the Stars' record-setting sale horse Byalee Breathless, sold for \$72,600 in last December's suction. Jevon's dam, Buckwell Park Philadelphia, is a super talented all-rounder that had success in the show ring, at medium/advanced dressage (Paris Rodwell) and in eventing. She had outstanding jumping ability and has excelled as a top-producing broodmare. Buckwell Park Jevon is an exciting youngster with the world at her feet. She has been well raised and correctly handled and is a blank canvas ready to be started.

French Kinection (Natalie) is a magnificently bred 9yo mare extensively campaigned by Lesley Fenner in competition up to and including elementary level with many wins and placings. Natalie is a great type and does have super movement. This is not surprising once you study her bloodlines. Natalie is by French Kiss who carries the Florestan I bloodlines, which are developing into a major dynasty in terms of the top Grand Prix dressage horses competing at Olympics and World Championships. On the dam line of French Kiss is Donnerhall, the number one cornerstone of the major dressage dynasties. On the dam line of Natalie is Salute, one of the major competition stallions influencing Australian Olympic horses. Salute is the sire of Victory Salute who when ridden by Brett Parbery was in the top 10 in the world at the World Equestrian Games in Kentucky. Salute is also the sire of Stirling Stilton who in 2002 competed in the WEG in Spain with Heath Ryan in the saddle and was the top-scoring performance for Australia. Natalie is sold in foal to Questing R, a young 5yo stallion by Quarterback being campaigned by Heath Ryan. At the moment Questing R is turning heads all around Australia and there is much speculation that this young horse is as good a dressage prospect as Australia has in terms of our Olympic future. All of this put together in French Kinection does make for a very exciting package.

Bacchus R is a young gelding who has been broken in by a local stockman and then turned away in a Ryans' back paddock. Life is hectic and we have another four youngsters like this all of whom are broken and waiting for us to ride them. I guess we would say we have just been too busy. The bloodlines, however, are perhaps the best in Australia. Sire of Bacchus R Sandhills Bounce is a young stallion started by Craig Barrett, and was sired by Croftlea Artisan a New Zealand stallion that stood one season with Craig and Prue before going to England as a competition stallion for the Northern Hemisphere. Dam of Sandhills Bounce is Sandhills Beetle by Stirling Sprite, sire of Adelaide Hills with Christine Bates and himself by Salute. Salute blood is responsible for Panamera, Adelaide 4* winner with Stuart Tinney; Sandhills Brillaire, Adelaide 4* winner with Craig Barrett; Mystery Whisper, London Olympics. The dam line of Stirling Sprite is Double Cream, sire of Trade Commissioner who with Scott Keach who went to the 1988 Seoul Olympics. Double Cream 3* horses in the 80s and 90s include Benduka, Casson Road (also Seoul Olympics), Roma's Double, and F1 Pharinelli with Emma Mason (Salute/Double Cream cross). Byalee J'Sense (aka 'Joy') is by Jive Magic (imp) who won the Grand Prix at Sydney CDI 2010 with Rozzie Ryan. Of course, Jive Magic is by Jazz, one of the super-influential stallions of the top dressage horses in the world today. Joy is out of Miss Sensation, a mare by the imported Dutch stallion Salute. Salute is responsible for champion horses in both the dressage scene and the eventing scene. Salute sired Stirling Stilton and Victory Salute, who both represented Australia at World Championships Grand Prix dressage. Salute is a major influence on the eventing world with 4* eventing winners Panamera and Sandhills Brillaire, 3* winner Adelaide Hill, Olympic 2012 short-listed horse F1 Pharinelli, London Olympic horse Mystery Whisper and significant stallions Stirling Sprite and Staccato, all carrying Salute blood. Joy has already foaled successfully including to Grand Prix Fresian stallion Django of Cachereel. Joy has been ridden throughout her life, most recently on irregular trail rides, and has been worked after gaps of many months without any form of threatening behaviour. We consider that a Briar/Jive cross would be an amazing combinations of bloodlines – Briar, like Jive, is showing piaffe and passage talent and was competing successfully at advanced level before time out with an injury this year. This foal should be a cracker – the sky's the limit!
